WELCOME MESSAGE FROM THE CEO

Dear Team Member,

On behalf of the entire leadership team at DBizLabs, it gives me immense pleasure to welcome you to our rapidly growing family of AI builders, product innovators, and customer champions. Since our founding in 2021, we have been on a mission to embed trustworthy domain-specific AI into every mission-critical workflow ? from the manufacturing floor with Meiji MES, to the bond trading desk with Bond Copilot, to the human resources office with Hirethm.

This Handbook (Version 4.2) is designed to be your trusted companion as you navigate your journey with us. It contains everything you need to know about how we work, what we believe in, and the support we offer every member of the DBizLabs team. Please read it carefully, keep it accessible, and reach out to People Operations at people-ops@dbizlabs.ai whenever you have a question.

As we scale from 317 people today to 500+ by end of FY2027, our culture ? built on curiosity, customer obsession, radical candor, and doing the right thing even when no one is watching ? will remain our most important asset. Thank you for bringing your best self to DBizLabs every day. The work we do matters.

With warm regards,

Siva Pasupathi
Chief Executive Officer
DBizLabs Private Limited

SECTION 1: EMPLOYMENT TYPES

1.1 Purpose and Scope

This section defines the five categories of engagement recognised by DBizLabs and sets out the rights, entitlements, and obligations applicable to each. Classification is determined at the time of offer by the hiring manager in consultation with People Operations and is reflected in the individual's letter of employment or service contract.

1.2 Full-Time Employment (Permanent)

A Full-Time Permanent Employee is one who is engaged on an indefinite-term employment contract to work the standard working hours specified in Section 3 for the Company. This is the default employment type for all roles from Grade A through Grade E+ and carries the full suite of entitlements described in this Handbook.

Rights and entitlements include:

- (a) All leave entitlements in Section 4 (Annual, Sick, Maternity, etc.)
- (b) Full compensation and benefits package under Section 5
- (c) Eligibility for AWS, bonuses, and ESOPs (per Section 5)
- (d) Participation in performance management cycle (Section 6)
- (e) CPF contributions (Singapore citizens and PRs only)
- (f) Access to company L&D funds, wellness programmes, and insurance

1.3 Part-Time Employment

A Part-Time Employee is one who works fewer than 35 hours per week on a regular and recurring basis, typically under a formal part-time employment contract. This arrangement is most common in administrative support, customer success, and certain training roles.

Part-Time employees are entitled to:

- (a) Annual leave, sick leave, and other leave types pro-rated to actual contracted hours vs. a standard 44-hour week
- (b) Access to medical and dental benefits on a pro-rated basis
- (c) CPF contributions where applicable (minimum S\$50/month salary threshold)
- (d) AWS on a pro-rated basis if employed for the full calendar year
- (e) Performance management participation (simplified half-year cycle)

Part-Time employees are NOT eligible for:

- ESOP option grants (unless specifically approved by the CEO)
- Housing loan benefit under Section 5.14
- Full L&D lifetime fund (pro-rated S\$5,000 lifetime cap)

1.4 Contract Employment (Fixed-Term)

A Contract Employee is one who is engaged under a fixed-term contract for a specified period (minimum 3 months, maximum 24 months) and a defined scope of work. Fixed-term contracts are typically used for:

- Project-based roles with a clearly defined deliverable and end date
- Maternity or long-service leave coverage
- Specialist skills required for a limited engagement period

Contract Employees are entitled to:

- (a) Annual leave pro-rated at a rate of 7% of gross hourly rate (or as specified in the employment contract)
- (b) Sick leave pro-rated (minimum 5 days for contracts $\geq$ 6 months)
- (c) CPF contributions (Singapore citizens/PRs where statutory)
- (d) Access to office facilities, equipment, and training necessary for role
- (e) Workers' compensation insurance as required by law

Contract Employees are NOT eligible for:

- AWS, performance bonuses, or ESOP grants
- Medical, dental, or wellness reimbursements
- Housing loan or study leave benefits
- Notice of non-renewal (contract expires automatically on end date)

Note: Contract Employees who have completed 24 months of continuous contract service may be considered for conversion to full-time permanent status at the discretion of the hiring manager and People Operations. Conversion rates over the past 24 months have averaged 38%.

1.5 Internship Programme

An Intern is a student or recent graduate engaged on a short-term basis (typically 10 to 24 weeks) primarily for training and development purposes.

DBizLabs runs two structured internship cohorts annually:

- Summer Internship: May-August (applications open February)
- Winter Internship: November-February (applications open August)

Intern entitlements and working conditions:

- (a) Monthly internship allowance:
 - Undergraduate interns (Year 1-3): S\$1,800 per month
 - Final-year undergraduates / Masters students: S\$2,400 per month
 - PhD candidates (research internships): S\$3,200 per month
- (b) Working hours: 9:00-18:00 Monday to Friday (strictly no overtime)
- (c) Leave: 1 day of personal leave per month of internship (pro-rated)
- (d) Equipment: Company laptop (MacBook Air 13" or equivalent) for duration
- (e) Access: All internal systems (email, Slack, Jira, Confluence) with role-based access controls; no access to production environments
- (f) Insurance: Work-injury coverage only; no group medical insurance
- (g) Mentorship: Assigned full-time technical/business mentor + 1:1 with People Operations every 2 weeks
- (h) Stipend: S\$20 per day meal and transport allowance (in addition to above)

All interns are required to present a final project showcase to their team and People Operations on the last day of their internship. Outstanding interns may receive a return offer for full-time employment or a subsequent internship.

1.6 Temporary Employment

A Temporary Employee is one who is engaged on a short-term ad-hoc basis via an approved third-party staffing agency. This employment type is strictly limited to:

- Covering short absences (< 3 months) such as short sick leave or unexpected departures while permanent recruitment is in progress
- Event-based roles such as conference staffing, DBiz Academy training assistants, or campus recruitment drives
- One-off administrative, data entry, or research support projects

Temporary employees are not DBizLabs employees; they remain employees of the relevant staffing agency and are subject to that agency's terms and conditions of employment. DBizLabs has no employment relationship, liability, or obligation beyond the contractual arrangement with the staffing firm.

Managers wishing to engage temporary staff must submit a Form STA-01 to Finance and People Operations at least 10 business days in advance. No temporary staff may be engaged via verbal arrangements or without an approved purchase order in place. Rates payable to staffing agencies are capped by the rate card published in the Finance Portal.

1.7 Employment Type Transitions

Requests to change employment type (e.g. from Part-Time to Full-Time, or Contract to Permanent) must be initiated by the line manager via Form ET-02 submitted to People Operations. All transitions require:

- Written justification from the line manager
- Endorsement from the relevant department head (D-grade or above)

- Approval from People Operations and the CFO (for permanent headcount budget)
- A minimum of 6 months of satisfactory performance in the current role

Transitions are effective on the first day of the calendar month following approval unless otherwise agreed. Leave balances, benefits, and compensation are adjusted from the transition date; there is no retro-active adjustment.

1.8 Correct Classification

It is the responsibility of both managers and employees to ensure that the employment classification reflects the actual nature of the working arrangement. Any employee who believes that their classification is incorrect or does not match their role should raise the matter with People Operations for a confidential review. DBizLabs is committed to full compliance with the Singapore Employment Act and all applicable regulations in every jurisdiction where we operate. Misclassification audits are conducted semi-annually by Internal Audit and the external auditors.

1.9 Employment Act Coverage

All Full-Time, Part-Time, and Contract employees earning a monthly salary of S\$4,500 or below are covered under Part IV of the Singapore Employment Act. Employees earning above S\$4,500 per month are not covered under Part IV (Rest Days, Hours of Work, Overtime) but remain covered under all other parts of the Act. This Handbook provides terms that are, in all cases, at least as favourable as the statutory minimums required under the Employment Act and any other applicable legislation.

1.10 Records of Employment

DBizLabs maintains an official employee file (both physical and electronic) for each employee for the duration of employment and for a minimum of 7 years following cessation. Employees may request access to their own personnel file by submitting Form PR-07 to People Operations. Files may be inspected in the presence of a People Operations staff member; copies of documents may be requested subject to applicable fees and data privacy regulations under the Personal Data Protection Act (PDPA).

=====

SECTION 2: ONBOARDING & PROBATION

=====

2.1 Pre-Employment Requirements

Before your official start date at DBizLabs, you will be required to complete a number of pre-employment checks and provide the following documentation to People Operations. Failure to complete these requirements may result in a delayed or cancelled start date.

Pre-employment checklist:

- Signed and returned Letter of Offer or Contract of Service
- Signed Confidentiality, Non-Disclosure and IP Assignment Agreement
- Singapore NRIC (front and back) or Passport + Employment Pass / S Pass / Work Permit (for foreigners)
- Educational certificates (highest qualification + professional certs)
- Proof of past employment (last 2 years of CPF statements, or payslips)
- Latest passport-sized photograph (digital copy, minimum 400x514px)
- Completed Medical Declaration Form (MED-01)
- Results of pre-employment medical check-up (for roles Grade C and above, or roles with access to customer production data or financial systems)
- Emergency contact details (name, relationship, mobile number, email)
- Bank account details for payroll disbursement (Singapore DBS/POSB/OCBC/UOB preferred; other banks require Finance approval)

Criminal declaration: All candidates are required to declare any prior criminal convictions, whether spent or unspent under the Registration of Criminals Act. Failure to declare a material conviction may be grounds for immediate dismissal without notice. DBizLabs conducts pre-employment screening via a licensed vendor for all roles at Grade C+ and above, and for all roles in Finance, Legal, Internal Audit, and Customer Engineering with access to production data.

2.2 Day One Onboarding Experience

On your official start date, please report to the Level 22 Reception Desk at Marina One West Tower no later than 09:45. The Day One programme runs from 09:45 to approximately 17:30 and includes:

Morning Session (09:45 ? 12:00):

- Welcome coffee and introduction with People Operations team
- Completion of any remaining paperwork (tax forms, CPF nomination, etc.)
- Collection of company equipment (laptop, monitor, accessories, ID badge)
- IT account setup: email, Slack, Jira, Confluence, 1Password, Okta SSO
- Office tour: workstations, meeting rooms, nursing room, prayer room, cafeteria, pantry, first-aid station, emergency exits

Lunch (12:00 ? 13:30):

- Team welcome lunch at a nearby restaurant (expensed by the hiring manager)
- No official business is conducted during lunch; please enjoy the meal

Afternoon Session (13:30 ? 17:30):

- Company orientation: Mission, values, strategy, FY2026 plan (by HRBP)
- Overview of this Employee Handbook Version 4.2
- Introduction to the Performance Management framework (Section 6)
- Compliance and code of conduct training (Section 7)
- Data privacy and information security training
- 30-minute 1:1 with your direct manager to discuss first-week priorities
- Meet-and-greet with your immediate team members and cross-functional peers

By end of Day One you should have:

- Working laptop and all required systems access
- Assigned desk or hot-desk booking access
- A clear list of tasks and objectives for your first week
- Your onboarding buddy's contact details

2.3 The First 30 Days (Buddy System)

Every new joiner is assigned an Onboarding Buddy during the first week. The Buddy is typically a peer in the same or adjacent team who has been at DBizLabs for at least 12 months and volunteered for the role. Your Buddy's responsibilities include:

- Checking in with you informally at least twice per week for the first month
- Explaining team-specific processes, norms, and "unwritten rules"
- Introducing you to key stakeholders inside and outside the team
- Helping you navigate the office, understand tooling, and find documentation
- Being a safe sounding board for questions you may not want to ask your manager

If after two weeks you have not been assigned a Buddy, or if the Buddy arrangement is not working well, please contact your HR Business Partner (HRBP) who will arrange an alternative.

2.4 Probation Period Overview

All new employees (Full-Time and Part-Time permanent) serve a probation period at the beginning of their employment. The purpose of probation is to:

- Give the employee a fair opportunity to learn the role and integrate into the team and company culture
- Allow the manager to assess the employee's fit against role expectations
- Provide a structured feedback mechanism with clear goals and check-ins
- Establish a foundation for long-term success within the organisation

Probation periods vary by employee grade:

- Grade A: 3 calendar months from start date
- Grade B: 3 calendar months from start date
- Grade C: 3 calendar months from start date
- Grade C+: 6 calendar months from start date
- Grade D: 6 calendar months from start date
- Grade E: 6 calendar months from start date
- Grade E+: 6 calendar months from start date (and CEO approval required for confirmation)

For Part-Time employees, the probation period is extended proportionally to reflect the reduced number of working hours. For example, a Grade B employee working 3 days per week (60%) will serve a 5-month probation period.

Interns and temporary employees do not serve probation; the engagement period is itself treated as an evaluation window. Contract employees serving contracts of 12 months or longer serve a 3-month probationary period at the beginning of the contract, regardless of grade.

2.5 Probation Goals and Check-Ins

Within the first 5 business days of joining, your manager must create a Probation Plan document in Lattice (our HR platform) containing:

- (a) 3-5 specific, measurable goals aligned to the role description
- (b) Clear success criteria for each goal (what "good" looks like)
- (c) Key stakeholders to collaborate with
- (d) Any required training, certifications, or shadowing

Mandatory formal check-ins during probation:

- End of Week 2: Informal 30-minute touch base (manager + employee)
- Mid-probation (50% of period elapsed): Formal 60-minute documented review using Form PB-03. Must include written progress notes against each goal and an overall rating: On Track / Needs Improvement / At Risk
- Final review (2 weeks before probation end): Formal 90-minute discussion with a clear recommendation: Confirm / Extend / Terminate

2.6 Confirmation, Extension, or Termination

No later than 5 working days before the scheduled end of the probation period, the line manager must submit Form PB-05 to People Operations containing one of three recommendations:

Option 1: CONFIRM in role (Passed Probation)

- This is the default outcome for the majority of employees.
- When confirmed, the employee moves to permanent status and all entitlements in this Handbook apply retroactively from the start date (except ESOP cliff, which follows the standard ESOP agreement).
- A written Confirmation Letter is issued by People Operations within 5 working days.

Option 2: EXTEND probation period

- Probation may be extended by up to one additional period of the same length (3 or 6 months). Extensions are permitted only once per employee and require written justification.
- Common grounds for extension: extended leave taken during probation, significant project delays that prevented fair evaluation, or an "At Risk" mid-point review followed by genuine improvement.
- A written Extension Letter is required, signed by both the manager and HRBP, with clear milestones for the extension period.

Option 3: TERMINATE employment during or at end of probation

- Termination may occur if, despite adequate support and feedback, the employee is unable to meet the minimum requirements of the role.
- During probation, the notice period is 14 calendar days (or payment in lieu thereof) from either party. See Appendix B for full details.
- All termination decisions during probation must be reviewed and approved by both People Operations and Legal before being communicated.

2.7 Internal Transfers and Probation

If an employee transfers to a new role or department internally within DBizLabs, they may be required to serve a secondary "probation" (typically 3 months) in the new role. This does not affect permanent status, salary, or benefits, but provides a structured evaluation period for the new role. Unsuccessful completion of an internal probation will result in either a return to the previous role (if available) or the beginning of a 30-day outplacement support period.

2.8 Offboarding for Non-Confirmed Employees

Employees who do not pass probation are entitled to:

- Salary and applicable allowances up to the last working day
- Pro-rated annual leave (if any accrued but untaken) paid as salary
- CPF contributions up to the last working day
- Return of all personal property submitted pre-employment
- Option to collect a Certificate of Service upon request

Non-confirmed employees are not eligible for AWS, bonuses, or pro-rated ESOP vesting. Access to all systems is revoked on the last working day.

2.9 Continuous Employment

For the avoidance of doubt, the probation period counts towards continuous employment for all purposes including leave calculation, severance pay, ESOP cliff vesting, and the 2-year qualifying period for the Housing Loan benefit in Section 5.14.

SECTION 3: WORKING HOURS, ATTENDANCE & FLEXIBILITY

3.1 Standard Core Working Hours

The official working week for DBizLabs Singapore Headquarters office is:

MONDAY to FRIDAY: 09:00 to 18:00
LUNCH BREAK: 1 hour (any time between 12:00 and 14:00)

This represents a standard 40-hour working week excluding the lunch break. Teams operating in other regions (Japan, India, UK, UAE, US, Germany) follow local working hours as communicated by the country manager and HRBP. These regional standards will always be at least as favourable as local statutory requirements (e.g. the UK Working Time Regulations 1998).

3.2 Core Hours and Flexi-Time (Flexible Working Hours Policy)

DBizLabs operates a flexi-time policy to accommodate individual preferences, caregiving responsibilities, and commuting arrangements. Flexi-time works as follows:

CORE HOURS (when physical or virtual presence is mandatory for meetings, collaboration, and ceremonies):
10:00 ? 12:00 (morning window)
14:30 ? 16:30 (afternoon window)

Flexible arrival window: Employee may start any time between 08:00 and 10:00.
Flexible departure window: Employee may finish any time between 17:00 and 19:00.

However, a deviation of more than +/- 1 hour from the standard 09:00 start requires prior written approval from the line manager via Form FL-01.

Examples:

- (a) Employee wishes to come in at 08:00 and leave at 17:00. This is within the +/- 1 hour band ? no approval required. The employee simply ensures their calendar shows "Out of Office: Flexible Hours" before 09:00.
- (b) Employee wishes to come in at 11:00 and leave at 20:00. This is +2 hours from the standard start. Requires line manager approval via Form FL-01 submitted minimum 2 days in advance.

Approval should be granted where the arrangement does not impair teamwork, client meetings, or core business operations. Managers are encouraged to approve reasonable flexi-time requests and to model work-life balance.

3.3 Remote and Hybrid Work Policy

Effective 1 August 2026, DBizLabs operates a hybrid working model. All employees are permitted to work remotely from their home address on file for up to 2 days per week. This is commonly known as "2D/3W" (2 days from home, 3 days in the office).

Key rules:

- (a) 2 remote days per week is the default maximum. Employees are required to be present in the office on at least 3 days per calendar week (Monday?Friday).
- (b) The 3 office days are determined by team agreement and published in advance. Most teams have a fixed pattern (e.g. Tue/Wed/Thu in office).
- (c) Individual employees may vary which specific days they work remotely from week to week, provided the 3-day minimum office presence is met and team meetings are attended.
- (d) Remote days must be logged in the Desk Booking System (DBizBook) by 23:59 the previous Sunday. This is to ensure correct office capacity planning for meeting rooms, desks, and catering.
- (e) During remote days, employees must:
 - Be reachable on Slack and phone within 15 minutes during core hours
 - Maintain a suitable, safe work area (see Section 8 on Home Safety)
 - Use the company VPN when accessing internal systems or customer data
 - Have camera switched on for all meetings of 3 or more people
 - Not engage in unrelated full-time or part-time employment

Exceptions requiring HRBP approval (Form FL-03):

- Temporary increased remote work (up to 4 days/week) for a max 4 weeks per year for medical, caregiving, or relocation reasons
- Fully remote roles (less than 1 day per month in the office) ? these are limited to specific job families (e.g. some specialist engineering roles in regions outside Singapore) and require CFO + COO sign-off. As of the publication of this Handbook, 14 people hold fully remote agreements.

3.4 Attendance Tracking and Tardiness

DBizLabs operates a trust-based model for attendance; there is no physical punch-card system. However, accurate records of attendance are maintained through:

- Desk booking system (DBizBook) records in-office vs. remote days
- Calendar data (for core-hours meeting attendance)
- Manager-led spot checks and observation

Employees who are going to be late arriving (either physically or virtually) must notify their line manager via Slack SMS no later than 09:15 on the day. Repeated tardiness (defined as 3+ occurrences in any 30-day window, each being 15 minutes or more beyond agreed start time) will be addressed through the informal feedback channel and may be escalated to formal counselling or a performance improvement plan if not corrected.

3.5 Overtime and Compensatory Time Off (CTO)

For employees covered under Part IV of the Singapore Employment Act (monthly salary <= S\$4,500, typically Grade A and entry-level Grade B):

- Overtime work is authorised at time-and-a-half (1.5x) of the hourly basic rate of pay.
- The maximum permissible overtime is 72 hours per month.
- Overtime must be pre-approved by the line manager via Form OT-01.
- Unpaid overtime is not permitted for EA-covered employees.

For employees NOT covered under Part IV (all Grade C+ and above, and most Grade B employees earning above S\$4,500/month):

- Overtime compensation is provided via Compensatory Time Off (CTO) at a rate of 1 hour CTO per 1 hour of approved overtime, rounded up to the nearest half hour.
- CTO must be approved by the manager in advance (exceptions apply for genuine emergency out-of-hours work such as incident response).
- CTO must be taken within 90 days of being accrued; any CTO not taken within 90 days is forfeited.
- There is no cash payment in lieu of CTO for non-EA employees except in the case of employment termination, when all accrued CTO (up to a max of 40 hours) is paid out at basic salary.

3.6 Public Holidays

DBizLabs observes all gazetted public holidays in Singapore as published by the Ministry of Manpower each year. For FY2026 the following 11 public holidays are observed:

1. New Year's Day	? Thu 1 Jan 2026
2. Chinese New Year	? Tue 17 Feb 2026
3. Chinese New Year	? Wed 18 Feb 2026
4. Good Friday	? Fri 3 Apr 2026
5. Labour Day	? Fri 1 May 2026
6. Vesak Day	? Fri 1 May 2026 (merged; additional lieu day given)
7. Hari Raya Puasa	? Wed 13 May 2026
8. National Day	? Mon 10 Aug 2026
9. Hari Raya Haji	? Sun 13 Sep 2026 (mon 14 Sep in lieu)
10. Deepavali	? Sat 17 Oct 2026 (mon 19 Oct in lieu)
11. Christmas Day	? Fri 25 Dec 2026

Where a public holiday falls on a Saturday, the following Monday is designated as a day off in lieu. Where it falls on a Sunday, the following Monday is designated as a public holiday (per gazette).

Employees required to work on a public holiday (must be approved in advance by the department head) are entitled to either:

- (a) One additional day of paid leave per public holiday worked, OR
- (b) 2.0x basic hourly rate of pay for hours worked (EA-covered employees)

Employees in regional offices observe local public holidays in their country of employment; Singapore public holidays do not apply to overseas offices.

3.7 Business Travel

Employees travelling for business purposes must submit a Travel Request Form (TR-01) a minimum of 7 days in advance (21 days for international travel) for approval by the line manager and Finance. The Travel Policy (Finance Handbook Section 3) governs booking classes, per-diem rates, and allowances. The key principles are:

Flights:

- Economy for flights < 6 hours duration
- Premium Economy or Business for flights >= 6 hours (manager discretion)
- Business Class for Grade D and above on all flights >= 4 hours

Accommodation:

- Standard single room at approved corporate hotel partners
- Maximum nightly rate: S\$250 Singapore / APAC; S\$300 EMEA / Americas

Per diems (incidentals, meals, local transport):

- S\$80 per day Singapore
- S\$120 per day APAC (major cities)
- S\$150 per day EMEA / Americas

All travel must be booked through the corporate travel agent (Travelstop). Personal extensions to business travel are permitted at the employee's own expense, subject to not impacting business commitments and line manager approval. Travel insurance is provided automatically for all business trips via the company's group travel policy with AIG Asia.

3.8 Leave-of-Absence (Unpaid)

Employees may apply for unpaid leave of absence for up to 3 months for reasons including (but not limited to) personal development, study, caregiving, volunteering, or extended travel. Applications must be made on Form LUA-01 at least 30 days in advance and require:

- Line manager endorsement
- Department head (Grade D+) approval
- Final sign-off by People Operations

During unpaid leave:

- Salary is suspended; no AWS or bonus pro-rating accrues
- CPF contributions are not made by either party
- Leave entitlements (annual, sick) do not accrue
- ESOP vesting continues (per ESOP agreement)
- Group insurance cover continues for up to 3 months

Employment seniority is preserved during periods of approved unpaid leave less than 6 months per rolling 24-month period.

=====

SECTION 4: LEAVE ENTITLEMENTS

=====

4.1 Leave Framework Overview

DBizLabs provides a generous and comprehensive leave programme designed to support work-life balance, rest, recovery, and major life events. All leave entitlements below are minimums; individual managers may, at their sole discretion, approve additional unpaid leave beyond these statutory and company minima.

Leave is administered via the Workday HCM platform. Employees are responsible for submitting leave requests in advance where possible and for ensuring appropriate handover and coverage before going on leave.

For every leave type, the following ground rules apply:

- (a) Leave requests must be submitted via Workday by the employee.
- (b) Leave of 2 days or less requires line manager approval.
- (c) Leave of 3-9 days requires line manager + department head approval.
- (d) Leave of 10+ days requires line manager + department head + HRBP.
- (e) Any leave concurrent with critical business periods (e.g. financial year-end, product launches, major customer go-live) additionally requires CFO or COO sign-off.
- (f) Retroactive leave requests (submitted after the absence has begun) require written justification and HRBP approval.
- (g) All leave balances are available on the Workday Employee Self-Service portal and are updated daily.

4.2 Annual Leave Entitlement

Annual leave entitlement varies by employee grade as at the beginning of the leave year (1 January) and is as follows:

Grade A : 18 working days per calendar year
Grade B : 22 working days per calendar year
Grade C : 25 working days per calendar year
Grade C+ : 25 working days per calendar year
Grade D : 28 working days per calendar year
Grade E : 30 working days per calendar year
Grade E+ : 30 working days per calendar year (plus additional 5 days at the CEO's discretion, managed outside Workday)

Note that the calendar year is used for annual leave (not the fiscal year). Part-Time employees receive a pro-rata portion of the above based on contracted weekly hours / 44 hours. Contract employees receive 7% of gross annual salary as leave encashment (per the Employment Act) unless their contract specifies otherwise.

4.3 Long-Service Annual Leave Enhancement

In addition to the base annual leave entitlement above, employees who have completed 5 years of continuous service with DBizLabs (or with a predecessor company acquired by DBizLabs, at the company's discretion) receive:

- +5 days of additional annual leave, effective 1 January following the 5-year anniversary.

Thereafter, the additional leave balance increases by +1 day per completed year of service (so 6 years = +6 days, 7 years = +7 days, etc.) up to a maximum additional cap of 30 additional days.

In practical terms this means:

- A Grade B employee at 5 years: 22 + 5 = 27 days
- A Grade B employee at 10 years: 22 + 10 = 32 days
- A Grade B employee at 25+ years: 22 + 30 = 52 days (maximum cap)

Long-service leave additions are automatic and applied by People Operations in January of each year; no application is required.

4.4 Annual Leave Carry-Forward and Encashment Policy

Leave year: 1 January to 31 December.

Up to 50% of annual leave entitlement may be carried forward to the next year, subject to a maximum carry-forward cap of:

- Grade A: 9 days carry-forward cap
- Grade B: 11 days carry-forward cap
- Grade C: 13 days carry-forward cap
- Grade C+: 13 days carry-forward cap
- Grade D: 14 days carry-forward cap
- Grade E: 15 days carry-forward cap
- Grade E+: 15 days carry-forward cap

Any annual leave above this cap that has not been taken by 31 December will be automatically encashed in the first payroll of January at the employee's current basic daily rate of pay. Encashment is subject to CPF deductions (where applicable) and normal income tax.

Managers are responsible for ensuring that their team members take adequate leave throughout the year. The HR team publishes leave utilisation reports quarterly; any employee who has taken fewer than 5 days of annual leave by 30 June will be contacted by their HRBP to discuss and encourage leave planning. "Use-it-or-lose-it" does not apply within the 50% cap, but encouraging rest is a cultural priority.

4.5 Sick Leave Entitlement

All Full-Time and Part-Time permanent employees are entitled to:

- (a) Outpatient Sick Leave: 14 days per calendar year, with no waiting period from the date of joining.
- (b) Hospitalisation Sick Leave: Up to 60 working days per calendar year, of which the first 30 days are paid at 100% of basic salary, and the remaining 30 days at 66.67% of basic salary. Hospitalisation leave includes quarantine orders and day surgeries.

Sick leave may be used for:

- Personal illness, injury, or medical appointments that cannot be scheduled outside working hours
- Quarantine orders (SHN) issued by MOH or equivalent overseas authority
- Accompanying a child or spouse for a hospital admission or surgery (maximum 5 days per year; considered "caregiver sick leave" and drawn from the 14-day outpatient pool)

Medical certificates are required:

- For any sick leave of 2 days or more in a row
- For any sick leave taken on a Monday or Friday (to avoid long-weekend abuse ? although the policy is applied with common sense; HR may waive this requirement at its discretion)
- For any hospitalisation leave regardless of duration

MCs must be submitted via Workday within 3 working days of the absence.

Uncertified sick leave (no MC) of 1 day per month is permitted on a self-declaration basis via Form SL-01. Employees exceeding 6 self-declared sick days per year will be required to attend a meeting with the HRBP and company-appointed panel doctor.

4.6 Maternity Leave

All female employees (regardless of nationality, employment pass status, or length of service) are entitled to 16 weeks of paid Maternity Leave, which is a benefit above and beyond the statutory 16 weeks mandated under the Singapore Employment Act for eligible citizens. Government-Paid Maternity Benefit (GPMB) rules apply where the employee is eligible (Singapore citizen mothers, 3rd+ children etc.).

Distribution of the 16 weeks:

- Minimum 4 weeks must be taken immediately after confinement
- Remaining 12 weeks may be taken flexibly within 12 months of the birth date, subject to manager approval and child-care arrangements
- Flexi-taking must be pre-approved via Form ML-02 and clearly documented

Maternity Leave is paid at the employee's current gross monthly salary (DBizLabs tops up the GPMB amount to ensure full salary continuity).

Pre-natal leave: 2 days of paid pre-natal examination leave per pregnancy, available from the 2nd trimester onwards, in addition to the 16-week entitlement. These 2 days are not drawn from annual leave or sick leave.

Pregnancy loss / stillbirth: Up to 8 weeks of paid leave for miscarriage occurring after week 12 of pregnancy, or 2 weeks of paid leave for early pregnancy loss before week 12. Supported by a doctor's letter.

4.7 Paternity Leave

All male employees (regardless of nationality) are entitled to 2 weeks of paid Paternity Leave following the birth of their child. This must be taken within 16 weeks of the birth date and may be:

- Taken as a single 2-week block, OR
- Split into 10 individual days taken flexibly within 12 months of birth, subject to manager approval via Form PL-01

Paternity Leave is paid at 100% of gross monthly salary. Government-Paid Paternity Benefit (GPPB) applies for Singaporean fathers where eligible; DBizLabs tops up the balance to ensure no loss of salary.

4.8 Adoption Leave and Surrogacy

Adoptive parents are entitled to:

- Primary adopter: 12 weeks of paid leave (matching maternity framework where applicable)
- Secondary adopter: 2 weeks of paid leave (matching paternity framework)

Leave is available following official court placement order and may be used for bonding and settling-in period. Supported by adoption court documents. Surrogacy arrangements are treated on a case-by-case basis by People Operations with reference to the Adoption of Children Act and any applicable Ministry of Social and Family Development guidelines.

4.9 Compassionate Leave (Bereavement Leave)

In the unfortunate event of the death of an immediate family member, employees are entitled to 5 working days of paid Compassionate Leave per occurrence. Immediate family is defined as:

- Spouse / civil partner / de-facto partner
- Children (biological, adopted, step, foster)
- Parents and parents-in-law
- Siblings (biological, adopted, step, half, in-law)
- Grandparents and grandparents-in-law

In the event of the death of a grandchild, aunt, uncle, niece, nephew, or cousin, employees are entitled to 3 working days of paid compassionate leave. Additional unpaid leave may be granted upon request at the manager's discretion.

Compassionate leave does not require a death certificate as a condition of approval; however, a copy may be requested after the fact for audit purposes. Managers are instructed to be generous and flexible in granting additional

time where the employee needs it; the company's values always take precedence over strict policy interpretation.

4.10 Marriage Leave

Employees getting married (to any gender, any jurisdiction) are entitled to 5 working days of paid Marriage Leave per marriage, to be taken within 6 months of the date of the registered marriage (as evidenced by the marriage certificate). Marriage leave may be combined with annual leave for an extended honeymoon. Second or subsequent marriages are eligible; there is no lifetime cap. However, marriage leave cannot be taken retroactively for marriages that occurred before the employee joined DBizLabs.

4.11 Bereavement Leave Structure Summary

To avoid ambiguity between "Compassionate" and "Bereavement" leave, the following consolidated table applies. All leave is paid and does not draw from annual leave.

Bereavement for (per event):

Category 1 (5 days paid):

- Parent, Father-in-law, Mother-in-law
- Spouse / Partner / Civil Partner
- Child (natural, adopted, step, foster, pregnancy loss after 12 weeks)

Category 2 (3 days paid):

- Grandparent (including in-law grandparents)
- Sibling (including in-law, step, half, adopted)
- Grandchild
- Aunt / Uncle (blood or marriage)
- Niece / Nephew
- Cousin

4.12 Study Leave (Paid Educational Leave)

Employees in Grades A through E+ are entitled to up to 10 working days of paid Study Leave per calendar year to support formal education and professional development programmes.

Eligibility criteria:

- Course of study must be related to the employee's current role or a reasonable future career path within DBizLabs
- Programme must result in a formal qualification, certification, or continuing professional development (CPD) credits
- Employee must have completed at least 12 months of continuous service with DBizLabs at the time of application
- Employee must pass the course with a minimum grade of 70% (or equivalent, e.g. Merit in UK system, B+ in US system). If the minimum grade is not achieved, the leave will be retrospectively converted to annual leave or unpaid leave at the employee's election.

Approved courses include (non-exhaustive):

- Professional certifications (CFA, ACCA, PMP, AWS/GCP certifications, SHRM, CIPM, Certified Scrum Master, etc.)
- University degree programmes (Bachelors, Masters, MBA, PhD) ? subject to additional approval from the L&D Committee
- Executive education programmes (INSEAD, NUS, Wharton, London Business School etc.)
- Technical deep-dive bootcamps and vendor-specific academies

Study leave applications must be made via Form STL-01 at least 30 days in advance and require line manager + HRBP approval, with additional L&D Committee sign-off for programmes exceeding S\$5,000 in fees or 5 days of leave. Study leave may be combined with the Learning & Development Budget in Section 5.12.

4.13 National Service / Reservist Leave

Singapore Citizens and Permanent Residents who are Operationally Ready National Servicemen (NSmen) are entitled to paid reservist leave as required under the Enlistment Act. All days of official reservist training, ICT, mobilisation, and medical examinations are paid at full salary; the company claims reimbursement from MINDEF via the NSmark / NS Pay system. Employees should notify their line manager and HR as soon as reservist notices are received, typically 6 months in advance.

4.14 Voting, Jury Service, and Public Duties

Employees who are eligible to vote in Singapore General Elections or Presidential Elections are entitled to paid time off to cast their vote, without deduction from leave balance. Where polling day falls on a workday (which it typically does), the entire day is treated as paid election leave.

Jury Service (Singapore: Jurors Act): Employees summoned for jury duty or as witnesses in court proceedings are entitled to the full duration of the summons as paid leave, with any court attendance allowance received from the courts being paid directly to DBizLabs Finance (to avoid double recovery). Similar rules apply to service as Justices of the Peace or grassroots office bearers.

4.15 Other Leave Types

Additional leave types available (full details in the People Operations Policy Portal):

- Volunteer Leave: 3 days per calendar year of paid leave for volunteering work with a registered charity, IPC, or social service agency. Pre-approval via Form VOL-01 required.
- Blood Donor Leave: 0.5 days of paid leave for each blood donation appointment (up to 2 donations per year = 1 day total) with proof of donation.
- Childcare Leave: As per the Employment Act for Singapore Citizen children under 7 years of age (6 days per parent, paid).
- Infant Care Leave: As per the Employment Act (2 days per parent, paid, for Singapore Citizen children under 2 years of age).

- (e) Time off for dependants: Up to 5 days unpaid per year for caring for a sick child or elderly dependant; drawn from last resort.
- (f) Sabbatical Leave: Every 5 years of completed continuous service, employees are eligible to apply for a 4-week (Grade C and below) or 8-week (Grade D and above) fully paid sabbatical. Requires 2 months of handover planning and CEO sign-off. 8 sabbaticals have been taken since launch of the programme in 2024.

=====

SECTION 5: COMPENSATION & BENEFITS

=====

5.1 Total Compensation Philosophy

DBizLabs believes in a total rewards philosophy that:

- Pays at the 75th percentile of the market for equivalent roles in the SaaS / AI software sector (based on Aon Hewitt and Radford surveys)
- Provides strong differentiation between high performers and solid performers to reward excellence
- Balances fixed cash, short-term incentives, and long-term equity so that employees across all levels share in the company's success
- Offers a broad, flexible benefits menu that meets the diverse needs of a multicultural and multi-generational workforce

The full pay matrix for each grade is reproduced in Appendix A of this Handbook. The following sub-sections detail each component of the total rewards package.

5.2 Base Salary and Pay Cycles

Base salary is paid monthly, in arrears, on the 25th day of each month. Where the 25th falls on a weekend or public holiday, salary is paid on the last preceding working day. Salary is disbursed by GIRO to a Singapore bank account (DBS, POSB, OCBC, UOB preferred) and accompanied by an electronic payslip issued via Workday.

Payslips contain the following breakdown:

- Basic Salary (fixed component)
- Any allowances (mobile, transport, shift, etc.)
- One-time payments (bonus, AWS, overtime, CTO encashment, etc.)
- Statutory deductions (CPF employee portion, SINDA / CDAC / MBMF / ECF contributions, tax clearance if applicable)
- Voluntary deductions (charity giving via SHARE programme, flexible benefits elections, salary continuance insurance)
- Net pay amount

Employees who wish to change their bank account must notify Payroll via Form PAY-04 at least 10 working days before the next payroll cycle.

5.3 13th Month Bonus (Annual Wage Supplement ? AWS)

DBizLabs provides a 13th-month bonus, more commonly known as the Annual Wage Supplement (AWS). The AWS is pro-rated for employees who joined or left during the calendar year, based on the number of complete calendar months in employment. The formula is:

$$AWS = (\text{Monthly Base Salary as at December}) \times (\text{Completed Months} / 12)$$

Where the company's full-year financial performance is above internal plan, the AWS may be increased from 1.0 month to a maximum of 2.0 months at the discretion of the Board of Directors. AWS is paid together with the December payroll on or about 20 December each year. Employees who resign or are terminated before 1 December of the relevant year are NOT eligible for a pro-rated AWS.

5.4 Performance Bonus Scheme (Annual Variable Component)

In addition to the AWS, DBizLabs operates a performance-based Annual Variable Bonus plan (commonly referred to as the "Performance Bonus") targeting between 0 and 3 additional months of base salary. Actual payout is determined by a combination of:

- (a) COMPANY PERFORMANCE (40% of the weighting): Based on achievement of full-year revenue, EBITDA, and strategic milestones as approved by the Board at the beginning of the year.
 - Exceeds plan (110%+): Company factor = 1.5x
 - Meets plan (95?109%): Company factor = 1.0x
 - Below plan (80?94%): Company factor = 0.5x
 - Significantly below (<80%): Company factor = 0x
- (b) INDIVIDUAL PERFORMANCE (60% of the weighting): Based on the individual's annual performance rating (see Section 6).
 - Rating 5 (Exceptional): Individual factor = 2.0x
 - Rating 4 (Exceeds Expectations): Individual factor = 1.3x
 - Rating 3 (Meets Expectations): Individual factor = 1.0x
 - Rating 2 (Needs Improvement): Individual factor = 0.25x
 - Rating 1 (Unsatisfactory / PIP): Individual factor = 0x

Final bonus (in months of base salary):

$$\text{Target Bonus} \times \text{Company Factor} \times \text{Individual Factor}$$

Target bonus by grade (months of base):

- Grade A : 1.5 months target
- Grade B : 2.0 months target
- Grade C : 2.5 months target
- Grade C+ : 3.0 months target
- Grade D : 3.0 months target
- Grade E : 3.0 months target (higher via Long-Term Incentive scheme)
- Grade E+ : Discretionary scheme approved separately by RemCo

Example: Grade C employee with target bonus of 2.5 months, company meets plan (1.0x), individual Rating 4 (1.3x) ? $2.5 \times 1.0 \times 1.3 = 3.25$ months bonus.

The performance bonus is paid together with the March payroll of the following year, subject to the employee being active on the payroll on the date of payment. Employees who resign or are terminated before the payment date are not eligible for the performance bonus (except in cases of redundancy, where the Board may approve a pro-rated amount).

5.5 Sales Commission Plan (Go-To-Market Roles Only)

Employees in Business Development, Account Management, Sales Engineering, and Channel Sales roles operate under a separate Sales Commission Plan document (Plan SCP-FY2026-V2) which replaces the performance bonus scheme above with an on-target earnings (OTE) mix of approximately 60% base to 40% variable. Full details of the commission scheme, accelerators, claw-backs, and SPIFs are set out in that document. Commission plans are reviewed annually and published in Q4 of each fiscal year for the next year's plan.

5.6 Medical Insurance (Outpatient and Inpatient)

DBizLabs provides comprehensive medical insurance coverage under a group policy with AIA Singapore (policy number GLI-2026-88421-DBIZ) for all full-time permanent employees and, where applicable, their dependants.

OUTPATIENT COVERAGE:

- Annual limit: S\$1,500 per employee per policy year (1 Apr ? 31 Mar)
- Coverage: General practitioner (GP) consultations, specialist consultations, prescribed medications, X-rays, lab tests, physiotherapy (up to S\$50 per visit, 20 visits per year)
- Panel clinics: Visit any AIA panel GP or specialist; no out-of-pocket payment required when using the company health card (SingHealth, Raffles Medical, Healthway Medical, and AIA panels are accepted)
- Non-panel reimbursement: 80% of usual & customary charges up to the annual limit, subject to a S\$25 co-payment per visit
- Pre-existing conditions: Covered after a 12-month waiting period for employees who have declared them at the time of joining

INPATIENT / HOSPITALISATION COVERAGE:

- Annual limit: S\$30,000 per employee per policy year (as-charged basis)
- Coverage: Ward charges (up to S\$300/day standard single room in restructured / private hospitals), surgical fees, anaesthetist fees, implants, chemotherapy, radiotherapy, intensive care, ambulance
- Pre-admission and post-discharge follow-up consultations (up to 30 days before / after hospitalisation)
- No co-insurance or deductible for inpatient claims
- Pre-existing conditions: Covered after 12 months of continuous cover

Employees may add dependants (spouse and children) to the group policy at their own expense via payroll deduction. Premium rates are published on the People Operations Benefits Portal in Workday and are reviewed annually.

5.7 Dental Insurance

Dental coverage is provided under the same AIA group policy with an annual limit of S\$500 per employee per policy year. Coverage includes:

- Routine check-ups and consultations (100% covered, max 2 per year)
- Scaling and polishing (100% covered, max 2 per year)
- Fillings, root canals, extractions, crowns, bridges, dentures (80% covered up to S\$500 annual cap)
- Orthodontics / braces are NOT covered under the standard plan; a voluntary top-up is available at a cost of S\$360/year for a S\$3,000 lifetime orthodontic benefit.

5.8 Wellness Benefit (Flexible Wellness Allowance)

The Wellness Benefit is a quarterly stipend of S\$800 (S\$3,200 per year) provided to every full-time permanent employee, to be spent on activities and products that support physical, mental, or emotional wellbeing. The benefit is reimbursed via Workday upon submission of a receipt, with no taxable benefit-in-kind implication for the employee.

Eligible expenses include but are NOT limited to:

- (a) Gym memberships, personal training, CrossFit, Pilates, yoga studios
- (b) Sport registration fees (marathons, triathlons, football leagues, etc.)
- (c) Sports equipment (running shoes, weights, bicycles up to S\$1,500/year)
- (d) Mindfulness apps and subscriptions (Headspace, Calm, Waking Up)
- (g) Mental health therapy / counselling sessions (see also Section 8.10)
- (h) Massage and spa treatments (max S\$200 per quarter under wellness)
- (i) Healthy meal delivery subscriptions (e.g. WhyQ, SaladStop, Grain)
- (j) Vitamins, supplements, and health monitoring devices
- (k) Pet therapy sessions and pet care (S\$100 per quarter sub-limit)

Ineligible expenses include:

- Luxury watches, jewellery, designer handbags, alcohol, tobacco
- Expenses for family members (must be for the employee's personal use)
- Rent, utility bills, groceries (unless a registered meal subscription)
- Any expense not supporting wellbeing (expenses will be audited randomly)

Unused quarterly allowance expires at the end of each calendar quarter; it does not roll forward. The quarterly reset occurs on 1 Jan, 1 Apr, 1 Jul, 1 Oct each year.

5.9 Mobile Phone Allowance

All full-time employees receive a mobile phone allowance of S\$200 per month, paid with salary, to cover the cost of a mobile phone subscription and device financing. The allowance is:

- Taxable in Singapore (IRAS considers it a benefit-in-kind for employees earning > S\$200,000 per year; DBizLabs withholds tax via payroll at the marginal rate)
- Payable regardless of whether the employee uses a company-provided phone, a personal phone, or a hybrid arrangement
- Available from Day 1 of employment; no waiting period
- Not pro-rated for part-month joiners / leavers (full month allowance)

if the employee is on active payroll for any day in the month)

Additionally, for Grade C+ and above, the company provides a complimentary smartphone upgrade every 24 months with a device cost cap of:

- Grade C+ / D: S\$1,800 per cycle
- Grade E / E+: S\$2,500 per cycle

5.10 Learning & Development Budget (Annual and Lifetime)

DBizLabs is committed to the continuous learning and professional growth of every employee. To support this, we offer a two-tier L&D budget structure:

ANNUAL L&D BUDGET (per calendar year):

- Grade A: S\$1,500 per year
- Grade B: S\$2,000 per year
- Grade C: S\$2,500 per year
- Grade C+: S\$3,500 per year
- Grade D: S\$5,000 per year
- Grade E / E+: S\$8,000 per year

LIFETIME L&D FUND (cumulative across entire tenure with DBizLabs):

- Grade A / B: S\$6,000 lifetime cap
- Grade C / C+: S\$10,000 lifetime cap
- Grade D / E: S\$15,000 lifetime cap
- Grade E+: S\$25,000 lifetime cap

The annual budget is used for day-to-day learning; the lifetime fund is for larger programmes such as university degrees, MBAs, INSEAD executive education, and long-format bootcamps.

Eligible expenses:

- Tuition fees for formal education programmes
- Professional certification exam fees and preparatory courses
- Conference tickets and workshops (tech conferences, HR summits, etc.)
- Books, e-learning platform subscriptions (Coursera, Udemy Business, O'Reilly, Educative, DataCamp, Brilliant, etc.)
- Language courses (English, Mandarin, Tamil, Japanese, German ? where relevant to job function or regional business needs)
- Coaching and mentoring programmes (external executive coaches for Grade D+ ? HRBP approval required)

5.11 Central Provident Fund (CPF) Contributions

For employees who are Singapore Citizens or Singapore Permanent Residents, DBizLabs makes statutory CPF contributions in accordance with the prevailing CPF Act and CPF Board contribution rates.

As of publication of this Handbook (FY2026), the employer CPF contribution rate is 17% of gross monthly salary for employees under the age of 55, with lower rates applying for older age groups. The employee contribution rate is 20% for those under 55. CPF contributions are capped at the Ordinary Wage Ceiling (OWC) of S\$6,000 per month of ordinary wages and the Additional Wage Ceiling (AWC) of S\$102,000 per calendar year of additional wages (bonuses, AWS, etc.). Full contribution rate tables are available on the CPF Board website at www.cpf.gov.sg.

5.12 Group Term Life and Personal Accident Insurance

DBizLabs provides Group Term Life insurance coverage of 2x the employee's annual base salary (rounded up to the nearest S\$10,000) under a group policy with Great Eastern Life, with no medical underwriting for joiners below age 65.

Coverage amounts:

- Annual base salary S\$48,000 ? 2x cover = S\$96,000 ? rounded S\$100,000
- Annual base salary S\$120,000 ? 2x cover = S\$240,000 (no rounding needed)
- Maximum cap on coverage: S\$2,000,000 per employee

In addition, the Group Personal Accident policy provides:

- Accidental death and permanent disablement: 2x annual base salary
- Medical expenses from accidents: up to S\$15,000 per event
- Weekly temporary total disablement benefit: up to S\$5,000/week × 104 weeks
- Infectious disease cover (Dengue, Zika, COVID-19 etc.): S\$5,000 lump sum on hospitalisation diagnosis

5.13 Critical Illness and Hospital Income

As a supplement to the medical insurance, employees may elect additional voluntary cover via payroll deduction:

- Critical Illness (37 CI definitions): S\$50,000 / S\$100,000 / S\$200,000 coverage options at age-banded premiums
- Hospital Income: S\$200 / S\$400 / S\$600 per day of hospital confinement for up to 365 days per illness
- Premiums for voluntary cover are 100% employee-paid; the company does not subsidise these optional benefits.

5.14 Housing Loan Benefit (Down-Payment Interest-Free Loan)

After completing 24 months of continuous service with DBizLabs, full-time permanent employees in Grade B and above are eligible to apply for an interest-free housing loan to assist with the down-payment on their first HDB flat or private residential property in Singapore.

Key terms of the Housing Loan Benefit:

- (a) Maximum loan amount: S\$15,000 (one-time, lifetime benefit per employee)
- (b) Interest rate: 0% per annum, no processing fees, no hidden charges
- (c) Repayment period: 60 months (5 years) via equal monthly deductions from the employee's salary, beginning 3 months after loan disbursement
- (d) Eligible property type: HDB BTO / resale flat, EC, or private condo purchased as the employee's primary residence. Investment properties and overseas property are excluded.
- (e) Security: Loan is typically unsecured, but the company reserves the right to register a caveat against the property if the loan exceeds S\$10,000 and the employee has less than 4 years of service.

- (f) Early repayment: Permitted at any time without penalty.
- (g) On resignation or termination: The full outstanding loan balance becomes immediately due and payable from final salary. If the final salary is insufficient, the employee must settle the balance within 30 days.
- (h) Application process: Form HL-03, HRBP endorsement, CFO sign-off, disbursement within 21 business days of signed loan agreement.

5.15 Employee Stock Option Plan (ESOP)

DBizLabs operates the DBizLabs 2023 Employee Stock Option Plan (the "ESOP Plan"), under which eligible employees may be granted options to subscribe for ordinary shares in the capital of DBizLabs Pte. Ltd. (the "Company").

Eligibility:

- Full-time permanent employees in Grade C and above are eligible for ESOP grants upon promotion or at the discretion of the Remuneration Committee (RemCo).
- All employees, regardless of grade, become eligible for a "10-Year Cliff Grant" upon completing 10 years of continuous service. The 10-year cliff grant is 0.03% of total issued shares (post-money) and is subject to standard vesting terms.

Vesting Schedule (standard grant terms):

- 25% of the granted options vest on the first anniversary of the grant date ("one-year cliff").
- Thereafter, the remaining 75% vests in equal monthly installments over the subsequent 36 months (3 years), such that 100% of the grant is vested after exactly 4 years from the grant date.
- Vesting is contingent on the employee remaining in continuous employment with DBizLabs on each vesting date.

Exercise Price: Determined by the Board based on the latest independent valuation of the Company conducted by an approved valuer (typically Duff & Phelps / Kroll or Deloitte) in compliance with IRAS tax guidelines. The exercise price is typically set at Fair Market Value (FMV) at grant, which minimises the taxable benefit for the employee.

Tax Treatment: ESOP gains are subject to income tax in Singapore at the point of exercise. Employees are encouraged to participate in the IRAS Equity Remuneration Plan (ERP) where applicable to defer taxation. DBizLabs provides ESOP tax briefings annually in Q1; the next briefing is scheduled for 14 February 2027 at Marina One, Level 22 Great Room.

Leaving events:

- Voluntary resignation: Vested options may be exercised within 90 days of last working day. Unvested options are immediately cancelled.
- Termination for cause: All options (vested and unvested) are cancelled with immediate effect and may not be exercised.
- Redundancy / restructuring: RemCo may, in its discretion, accelerate vesting of the next 6 months' worth of unvested options, and extend the post-termination exercise window to 180 days.
- Death or permanent disability: 100% of all granted options (whether vested or unvested) automatically vest and become exercisable by the employee's legal personal representative within 12 months.

5.16 Recognition Programmes and Spot Awards

In addition to structured compensation, DBizLabs operates several recognition programmes to celebrate outstanding contributions:

- (a) Spot Awards: Managers may grant on-the-spot awards of S\$250, S\$500, or S\$1,000 to any employee for extraordinary work on a project, saving the company from a major risk, going above and beyond for a customer, or exemplifying one or more DBizLabs values. S\$1,000 awards require department head sign-off. Paid with the following month's payroll. 327 spot awards were given in FY2025.
- (b) Peer-to-Peer Recognition: Via the Bonusly platform, every employee is allocated 100 "DBizPoints" per month (1 point = S\$1) to give to peers in recognition of helpful collaboration. Points are redeemable in the Bonusly catalog for vouchers, experiences, and products.
- (c) DBizLabs Excellence Awards: Annual awards ceremony in March for categories including: Rookie of the Year, Customer Champion, Engineering Excellence, Innovation of the Year, Culture & Values Champion, and the most prestigious: Siva Pasupathi CEO Award (S\$10,000 cash prize plus a 3-night stay at any Marina Collection property globally).
- (d) Referral Bonus: S\$4,000 for a successful Grade A/B hire (stays > 6 months), S\$8,000 for Grade C/C+, and S\$15,000 for Grade D and above. For specialised engineering and executive roles, the recruitment team may escalate to a S\$20,000+ referral bonus with CFO sign-off.

5.17 Miscellaneous Benefits

Additional benefits offered:

- (a) Pantry & Catering: The Marina One office pantry is fully stocked with complimentary coffee, tea, soft drinks, bottled water, fresh fruits, snacks, cup noodles, bread, and spreads. Catered lunch is provided on Tuesdays and Wednesdays (in-office days) for all staff present. Monthly team lunches are budgeted at S\$60 per head per team.
- (b) Season Parking: S\$260 per month parking allowance for employees who drive to the Marina One office (Grade C+ and above, or by exception).
- (c) Corporate Membership: Complimentary Marina Bay Fitness Centre membership for Grade D and above (value S\$380/month); subsidised membership for Grade C and below at S\$80/month via payroll deduction.
- (d) Employee Assistance Programme (EAP): 24/7, 365-day confidential counselling support via the AIA Health at Hand programme. Accessible by phone, chat, or app. Up to 8 complimentary sessions per concern per year. See Section 8 for more.
- (e) Team Building Budget: S\$150 per head per quarter for team building activities (escape rooms, dinners, hiking, etc.). Rolling 2 quarters may be combined for a larger activity.

- (f) Home Office Allowance: For remote work set-up, new joiners receive a S\$300 one-time stipend to purchase a desk chair, monitor stand, keyboard/mouse, or similar ergonomic equipment. Receipts required.
- (g) Birthday Benefit: S\$100 F&B or retail voucher of the employee's choice, sent on the Friday before the employee's birthday (or the last Friday before a public holiday / weekend birthday).

=====

SECTION 6: PERFORMANCE MANAGEMENT, PROMOTION & PIP

=====

6.1 Performance Management Philosophy

The performance management system at DBizLabs is designed to:

- Align individual goals with team, department, and company OKRs
- Provide continuous, timely, and actionable feedback ? not a once-a-year compliance exercise
- Support employee growth, career development, and promotion
- Differentiate compensation fairly based on impact delivered
- Identify underperformance early and provide structured support

6.2 Quarterly Check-Ins

Formal performance conversations occur every quarter, on the following schedule:

- Q1 Check-in: Mid-April (covers Jan?Mar)
- Q2 Check-in: Mid-July (covers Apr?Jun)
- Q3 Check-in: Mid-October (covers Jul?Sep)
- Q4 Annual Review: Mid-January (covers full calendar year; weighting applies ? see below)

In addition to these formal sessions, managers are expected to hold weekly 1:1 meetings with each direct report (minimum 30 minutes per week, with agenda set collaboratively between manager and employee). Skipped 1:1s are tracked by the People Analytics team and flagged to HR if a manager has fewer than 40% of scheduled 1:1s in any given month.

6.3 Annual Review Weighting

The Q4 Annual Review aggregates performance across the full year. The weighting applied to each quarter's performance in determining the final annual rating is:

- Q1 (January?March): 30% weighting
- Q2 (April?June): 20% weighting
- Q3 (July?September): 20% weighting
- Q4 (October?December): 30% weighting

This structure intentionally gives heavier weight to the first and last quarters (typically when goals are set and when annual outcomes are realised) while acknowledging the mid-year contribution of Q2 and Q3.

6.4 Performance Rating Scale (1?5)

The annual performance is rated on a 5-point scale:

Rating 5: EXCEPTIONAL

- Consistently and significantly exceeds expectations across all dimensions of the role. Delivers impact that is 2?3x the level expected for the grade. Often transforms the team or product area.
- Typically achieved by less than 8% of employees in any given cycle.
- Automatic short-listing for promotion (if eligible) and maximum bonus.

Rating 4: EXCEEDS EXPECTATIONS

- Consistently delivers above the expectations of the role across most or all dimensions. Quality of work is high, and there is evidence of proactivity, ownership, and stretch.
- Typically achieved by 22?28% of employees.
- Eligible for strong bonus, accelerated L&D budget, and promotion consideration if maintained for 2+ cycles.

Rating 3: MEETS EXPECTATIONS

- Fully meets the requirements of the role. Work is delivered on time, to the required standard, without the need for excessive supervision. "Meets Expectations" is a solid, good rating reflecting a reliable performer who is doing their job well.
- Typically the largest cohort: 50?60% of employees.
- Eligible for full target bonus, standard annual salary adjustment, and normal L&D budget.

Rating 2: NEEDS IMPROVEMENT

- Performance in some areas falls below the expectations of the role. While there are positive contributions, there are gaps in quality, delivery, impact, or behaviour that require focused attention.
- Typically 8?12% of employees.
- Triggers the creation of a 90-day Performance Improvement Plan (PIP) if not already in place; bonus may be significantly reduced or zero.

Rating 1: UNSATISFACTORY (on PIP or equivalent)

- Performance is materially and consistently below the requirements of the role, with little or no improvement despite feedback and support. Alternatively, there is a serious single incident of misconduct or negligence that warrants immediate disciplinary action.
- Typically 2?4% of employees.
- Active PIP in place with documented performance goals. If the PIP is not passed, the employment relationship will be terminated.

6.5 Calibration and Forced Distribution

Managers meet at the end of each cycle in a calibration session facilitated by the HRBP to ensure consistency of ratings across teams and departments. A loose forced-distribution guideline is applied at the department level:

- Rating 5: 5?10%

Rating 4: 20%30%
Rating 3: 50%65%
Rating 2: 5%12%
Rating 1: 1%5%

These bands are guidance, not rigid rules. The Remuneration Committee may approve exceptions for high-performing departments or specific mission-critical teams.

6.6 Promotion Criteria Matrix

Promotions follow a structured assessment framework. The minimum time in current grade before being eligible for promotion is:

- Grade A → B : 18 months at A (or 12 months with Rating 5 x2)
- Grade B → C : 24 months at B (or 18 months with Rating 5 x2)
- Grade C → C+ : 24 months at C (with at least 1 Rating 5 and 1 Rating 4)
- Grade C+ → D : 30 months at C+ (with at least 2 Rating 4 and 1 Rating 5)
- Grade D → E : 36 months at D (with RemCo approval; headcount-limited)
- Grade E → E+ : Discretion of CEO and Chairman (no fixed schedule)

The Promotion Assessment Criteria matrix (Form PRO-09) covers 5 dimensions:

Dimension 1: TECHNICAL / FUNCTIONAL EXPERTISE

- Evidence of expertise in the core skills of the role
- Contribution to knowledge sharing, documentation, and up-skilling others
- Reputation as a go-to person within the function or domain

Dimension 2: IMPACT AND BUSINESS RESULTS

- Quantitative metrics demonstrating impact (OKR achievement, revenue contributed, products shipped, incidents resolved, etc.)
- Scope of impact: team-level → department-level → company-level

Dimension 3: LEADERSHIP AND COLLABORATION

- Ability to lead projects and initiatives (even without formal reports)
- Influence across teams and functions
- Mentorship and development of more junior team members
- Exemplification of DBizLabs cultural values

Dimension 4: STRATEGIC THINKING AND JUDGEMENT

- Ability to see the big picture and make decisions aligned with long-term company interests
- Quality of judgement under uncertainty and with incomplete information
- Understanding of trade-offs between speed, cost, quality, and risk

Dimension 5: COMMUNICATION AND STAKEHOLDER MANAGEMENT

- Clarity of written and verbal communication
- Ability to communicate with executives, customers, and cross-functional stakeholders
- Ability to persuade and influence without authority

Each dimension is scored 1-5 with a required minimum of "4" on the primary dimensions for promotion to the next grade. Full scoring rubrics with behavioural indicators are available on the People Portal in Workday.

6.7 Performance Improvement Plan (PIP)

Where an employee's performance is rated at 1 or has been at 2 for 2 consecutive cycles with insufficient progress, the manager, in consultation with the HRBP and Legal, will initiate a Performance Improvement Plan (PIP).

The standard PIP duration is 90 calendar days from the date of the PIP Kick-off meeting. A PIP document will set out in writing:

- (a) The specific areas of underperformance (with examples and evidence)
- (b) Clearly defined, measurable, and time-bound performance objectives (typically 3-5 SMART goals)
- (c) The support, resources, and training that will be provided by the manager and the company (e.g. a dedicated mentor, targeted training, reduced scope of work to focus on development, weekly check-ins)
- (d) The frequency and format of formal check-ins (minimum weekly 1:1 with manager, bi-weekly with HRBP)
- (e) The consequences of not meeting the PIP goals, which will typically be termination of employment with appropriate notice or pay in lieu.

At the end of the 90-day PIP period, one of three outcomes occurs:

- (a) PASS: Performance has improved to "Meets Expectations" (Rating 3) or above. The PIP is closed and the employee returns to the standard performance management cycle. A follow-up review at 6 months is recommended to ensure sustained improvement.
- (b) EXTEND: Significant and genuine progress has been made, but more time is needed to fully meet all objectives. Extension is permitted ONCE for up to 30 additional days, with RemCo sign-off.
- (c) FAIL: Performance has not improved to the required standard. The employment relationship is terminated in accordance with the notice period set out in Appendix B. Termination payments and any severance will be handled in strict compliance with the Employment Act.

6.8 Salary Adjustments

Base salary adjustments are considered annually as part of the Q1 compensation review cycle (effective 1 April each year). Adjustments are driven by:

- (a) Performance rating in the preceding calendar year
- (b) Position of current salary within the grade band (Appendix A)
- (c) External market movement based on Radford/Aon surveys
- (d) Promotion (effective from first day of the month following approval)

Mid-cycle salary adjustments (outside the April cycle) are permitted only in the following exceptional circumstances:

- Internal promotion (see above)
- Counter-offer retention in the face of a documented external offer (CFO approval required)

- Major change in role or scope of responsibilities
- Correction of a documented pay inequity (HRBP + Legal sign-off)

6.9 Career Pathing and Dual Ladders

DBizLabs maintains dual career ladders: the Individual Contributor (IC) track and the People Manager (leadership) track. Employees may progress equivalently through either track without being required to manage people if that is not their strength or preference.

IC track levels map to grades:

- Junior IC ? Grade A
- Senior IC ? Grade B
- Staff IC ? Grade C
- Senior Staff IC ? Grade C+
- Principal IC ? Grade D
- Distinguished IC ? Grade E
- Fellow ? Grade E+

People Manager track maps to grades:

- Team Lead (4?8 reports) ? Grade C / C+
- Department Head (15?40 reports) ? Grade D
- VP / CXO (50+ reports, P&L owner) ? Grade E / E+

Internal mobility across tracks and teams is actively encouraged; 21% of employees changed teams internally in FY2025, and the company targets 25% internal mobility in FY2026.

=====

SECTION 7: ETHICS, INTEGRITY & CODE OF CONDUCT

=====

7.1 Our Commitment to Doing Business the Right Way

Integrity is the first of DBizLabs's five core values. We are committed to conducting business ethically, transparently, and in full compliance with all applicable laws, regulations, and professional standards in every jurisdiction where we operate ? including, without limitation, the Singapore Prevention of Corruption Act (POCA), the US Foreign Corrupt Practices Act (FCPA), the UK Bribery Act 2010, and the Singapore AI Governance Act 2026.

This Section 7 sets out standards of ethical behaviour for every employee, contractor, director, and agent of DBizLabs. Breaches of this Code of Conduct may result in disciplinary action up to and including termination of employment, reporting to the relevant authorities, and civil or criminal proceedings as appropriate. There is zero tolerance for retaliation against any employee who raises a genuine concern in good faith.

7.2 Anti-Bribery and Anti-Corruption Policy

DBizLabs strictly prohibits the offering, promising, giving, requesting, or accepting of any bribe, kickback, or improper payment in any form, whether in dealings with government officials, private sector counterparts, customers, suppliers, or any third party.

7.2.1 Gifts, Hospitality, and Entertainment

The following framework applies to gifts, meals, hospitality, and entertainment given or received by any employee in the course of business. The key principle is "no strings attached" ? any benefit given or received must be a normal business courtesy, proportionate, and clearly not intended to influence any business decision.

THRESHOLD 1: Below S\$150 per occurrence (per individual, per event)

- Automatically acceptable. No pre-approval required.
- Must still be recorded in the Gifts & Hospitality Register (Form GHR-01) within 5 business days if value > S\$100, or if given/received from a government official at any value.
- Examples: Coffee with a vendor (S\$8), box of cookies from a customer during Deepavali (S\$65), client lunch at a hawker centre (S\$35/pax).

THRESHOLD 2: S\$150.01 to S\$1,000 per occurrence

- Permitted ONLY with the PRIOR WRITTEN APPROVAL of the employee's line manager.
- Must be recorded in the Gifts & Hospitality Register within 5 business days of the event.
- Typical examples: Client dinner at a restaurant (S\$280/person), tickets to a local football match (S\$420/ticket), conference registration sponsored by a vendor (S\$890).

THRESHOLD 3: Above S\$1,000 per occurrence

- Permitted ONLY with the PRIOR WRITTEN APPROVAL of the CHIEF FINANCIAL OFFICER (Karthiga Rajoo) or, in their absence, the Chief Operating Officer (Divya Muthu).
- Must be recorded in the Gifts & Hospitality Register and additionally reported to the Audit & Risk Committee at its next meeting.
- Examples: Overseas conference sponsorship including flights (S\$2,200), premium Singapore Grand Prix hospitality package (S\$5,800/pax), speaking engagement fee (S\$3,000 honorarium).

7.2.2 Facilitation Payments and "Grease" Payments

DBizLabs prohibits facilitation payments (also called "grease payments"), i.e. small payments to low-level government officials to speed up routine, non-discretionary actions (such as customs clearance, visa processing, or utility connections). If an employee is placed in a situation where a facilitation payment appears to be demanded, the employee must:

- (a) Decline the demand firmly but politely;
- (b) Immediately escalate to Legal (Santhana Krishnan, Head of Legal) and the CFO;
- (c) Document the interaction in full;
- (d) Under no circumstances make the payment personally and seek reimbursement, as doing so constitutes a policy breach.

If personal safety is threatened, the employee may make the payment under duress but must report the incident to Legal within 24 hours for proper reporting and remediation.

7.2.3 Gifts and Hospitality to Government Officials

Any gift given to or received from a government official (including employees of statutory boards, government-linked companies with >=20% government shareholding, public universities, and political office-holders or political parties) must be escalated to Legal for sign-off REGARDLESS OF VALUE. The legal team will assess whether the transaction is compliant with POCA, the FCPA, and the UK Bribery Act before the gift may be given or accepted.

7.3 Gifts Register (Declaration Requirement)

All gifts, hospitality, and entertainment (whether given or received) that meet any of the following criteria must be declared in the central Gifts & Hospitality Register maintained by the Finance Operations team via Form GHR-01 within 5 business days of the event:

- (a) Value exceeds S\$100 per person per occurrence
- (b) Involves a government official, political party, or candidate for political office (at any value, even a S\$5 coffee)
- (c) Is part of a pattern of multiple small gifts to the same person or organisation aggregating to more than S\$300 in any calendar quarter
- (d) Takes place outside the employee's home country (any value)

The register is reviewed quarterly by Internal Audit and semi-annually by the Audit & Risk Committee. Failure to declare a reportable gift or hospitality event is a disciplinary offence, regardless of the value or intent of the gift.

7.4 Conflicts of Interest

Every employee, contractor, and director of DBizLabs has a duty to act in the best interests of the company and to avoid situations where a personal interest, relationship, or outside activity conflicts ? or could reasonably appear to conflict ? with the interests of DBizLabs.

7.4.1 Annual Disclosure Requirement

All employees (Grade A through E+) must complete and submit the Conflict of Interest Annual Declaration (Form COI-01) via Workday by 31 January of each year, covering the preceding calendar year. The form requires disclosure of:

- (a) Any directorship, partnership, or shareholding (>=5%) held in any other company, whether public or private
- (b) Any paid or unpaid outside employment, consultancy, advisory role, or board membership
- (c) Any close personal relationship (family member, domestic partner, close friend) with any supplier, customer, competitor, or job candidate involved in a decision the employee may influence
- (d) Any personal transaction or financial relationship with DBizLabs (including the Housing Loan benefit)
- (e) Any ownership of real property or other assets that could create a conflict with DBizLabs activities

New joiners must complete an initial COI declaration as part of Day 1 onboarding. Any material change to circumstances during the year must be reported via an amended Form COI-01 within 10 business days of the change.

7.4.2 Examples of Conflicts Requiring Disclosure and Management

- An engineer contributing open-source code to a project owned by a direct competitor of DBizLabs (e.g. another MES vendor, another HR SaaS platform)
- A procurement specialist whose sibling is the Sales Director of a software vendor bidding on a DBizLabs RFP
- A Sales Executive who moonlights on weekends selling a CRM product that competes indirectly with Hirethm's capabilities
- A Finance manager with a S\$80,000 investment in a cryptocurrency fund that is also a potential Bond Copilot customer
- A Recruiter whose spouse is a candidate for a Senior Data Scientist position on a team where the Recruiter is the recruiter of record

In all such cases, the conflict does not necessarily prevent the employee from continuing in their role; appropriate management strategies (such as recusal from relevant decisions, information barriers, or reassignment of responsibilities) will be put in place by the HRBP and Legal. Deliberate non-disclosure of a material conflict, however, is a serious disciplinary offence.

7.5 Anti-Harassment, Anti-Discrimination, and Dignity at Work

DBizLabs is committed to maintaining a workplace that is free from harassment, discrimination, bullying, and victimisation. We treat this as both a legal obligation and a cultural imperative. This policy applies equally to conduct between employees, and to conduct by or directed at customers, contractors, visitors, and members of the public in connection with work.

Prohibited conduct includes (but is not limited to):

- (a) **SEXUAL HARASSMENT:** Unwelcome sexual advances, requests for sexual favours, and other verbal or physical conduct of a sexual nature, whether explicit or implicit, including the creation of a hostile work environment.
- (b) **VERBAL AND PHYSICAL HARASSMENT:** Insults, slurs, epithets, name-calling, threatening or intimidating behaviour, physical touching, blocking movement, or abusive language.
- (c) **BULLYING:** Persistent, unreasonable, and aggressive behaviour directed at an individual or group, including excessive micromanagement, setting up for failure, spreading rumours, or social exclusion.
- (d) **DISCRIMINATION:** Less favourable treatment on the basis of any of the protected characteristics listed in Section 7.9 below.

7.5.1 Reporting and Escalation Paths for Harassment

An employee who experiences, witnesses, or becomes aware of conduct that they believe may constitute harassment or bullying should take action as soon as possible. Any of the following channels may be used, based on the employee's comfort:

- (a) Informal resolution with the perpetrator (only if the employee feels safe doing so): A direct, respectful conversation stating the impact of the behaviour and requesting it stop.
- (b) Line manager: If trust exists. Managers are required to escalate all reports to HR within 24 hours regardless of the manager's personal view of the situation.
- (c) HR Business Partner (HRBP): The primary confidential channel. All reports made to HR are treated confidentially to the extent possible while ensuring a fair and thorough investigation.
- (d) Whistleblower Channel (Section 7.7): For cases involving senior management, directors, or where the employee fears retaliation for reporting via other channels.
- (e) External agencies (Tafep, MOM, police) where the conduct constitutes a criminal offence.

All reports are investigated promptly, thoroughly, and impartially by a trained investigator (typically an external third-party for reports involving Grade D+ or where there are perceived conflicts of interest). Retaliation against any person who makes a good-faith report is strictly prohibited and will itself be subject to disciplinary action up to and including termination.

7.6 Confidentiality and Non-Disclosure Obligations

Every employee has an obligation to protect the confidential information of DBizLabs, its customers, its suppliers, and its partners. This obligation arises both under this Handbook and the signed Confidentiality, Non-Disclosure, and IP Assignment Agreement executed as a pre-condition of employment.

Confidential information includes, without limitation:

- (a) Financial information: Revenue, margins, customer ACV, funding status, projections, bonus figures, individual salaries
- (b) Customer information: Customer lists, pipeline, contract terms, customer usage data, support tickets, complaints, pricing
- (c) Technical information: Source code, product roadmap, model weights, RAG architecture, agent design, API keys, database schemas
- (d) Strategic information: M&A plans, joint ventures, product launch dates, competitive positioning, pricing changes
- (e) Personnel information: Employee personal data, performance ratings, compensation, disciplinary records (except where the law requires disclosure)
- (f) Third-party confidential information received under NDA

7.6.1 Perpetual Obligation

The confidentiality obligation survives termination of employment for ANY reason, for the maximum duration permitted by law. Employees are not permitted to retain any copies of confidential information (digital or physical) after the last day of employment, and all access is revoked as described in Section 8.8.

7.6.2 Data Classification and Handling

All DBizLabs data is classified into four tiers:

- TIER 0 (PUBLIC): Marketing materials, public website content, press releases. No special handling required.
- TIER 1 (INTERNAL): Internal documentation, general policy, team chat not containing sensitive data. May be shared internally; do not post publicly.
- TIER 2 (CONFIDENTIAL): Customer data, financial data below Board level, individual performance data. Access on a need-to-know basis only; no external sharing without a signed NDA.
- TIER 3 (RESTRICTED): Board papers, individual salary data, source code access to DBiz GPT platform, customer production credentials, trade secrets. Strict role-based access; logging and monitoring on all access; external sharing only with CEO / CFO sign-off.

7.7 Whistleblower Policy

DBizLabs encourages employees, contractors, customers, and other stakeholders to report any actual or suspected wrongdoing, illegal activity, breach of this Code, or other serious concern promptly. The Whistleblower Policy ensures that reports can be made safely, confidentially, and without fear of retaliation.

7.7.1 Reporting Channels

The primary whistleblower channel is a dedicated, confidential hotline administered by an independent third-party provider (Deloitte Forensics). Reports may be made 24/7, 365 days a year, with optional anonymity:

Online portal: <https://dbizlabs.ethicspoint.deloitte.com>
Phone (Singapore): +65 6224 5788 (toll-free during office hours)
Post: DBizLabs Whistleblower Office, c/o Deloitte, 6 Shenton Way, #20-01, OUE Downtown 2, Singapore 068809
Direct to Chairman: For whistleblower reports specifically concerning the CEO, CFO, or other members of the Executive Team, employees may escalate directly to Dr. Lingeswaran Arunasalam, Chairman of the Board, at chairman-confidential@dbizlabs.ai, or by post to his home address as recorded with the company secretary.

7.7.2 Investigation and Outcome

All whistleblower reports are acknowledged within 5 business days and investigated by Internal Audit (or external investigators where the report concerns members of Internal Audit or the executive team). The investigator will:

- (a) Establish the scope of the investigation

- (b) Collect evidence and interview witnesses
- (c) Reach conclusions and prepare a report with recommendations
- (d) Communicate the outcome (high-level, without breaching confidentiality of the parties) to the reporter where possible

Retaliation against a Whistleblower who acted in good faith is a separate disciplinary offence punishable by termination even where the underlying allegation is ultimately not substantiated.

7.8 Social Media Guidelines

Employees are personally responsible for the content they publish on social media (LinkedIn, Facebook, Twitter/X, Instagram, Threads, TikTok, Bluesky, WeChat, Telegram, and any other platform whether named or not), regardless of whether they post from personal or company accounts, and whether during or outside working hours.

All employees must adhere to the following guidelines:

- (a) DO NOT SPEAK FOR DBIZLABS UNLESS AUTHORISED: Only the CEO, COO, and the official DBizLabs Corporate Communications team are authorised to make official statements on behalf of the company. If you wish to comment publicly on any matter relating to DBizLabs, competitors, customers, or partners, you must add a clear disclaimer that views are your own. Example profile disclaimer on LinkedIn: "Views are my own and do not represent my employer DBizLabs."
- (b) RESPECT CONFIDENTIALITY: Never post, share, or hint at confidential or proprietary information ? including upcoming product launches, customer logos not yet public, financial information, internal politics, or personnel matters. When in doubt, do not post.
- (c) RESPECT COLLEAGUES, CUSTOMERS, AND PARTNERS: Do not post content that could reasonably be considered bullying, harassment, or discriminatory towards any identifiable person or group. Do not post screenshots of internal Slack/Teams conversations, Zoom calls, or office environments without explicit permission.
- (d) EXERCISE GOOD JUDGEMENT: Remember that as an employee of DBizLabs, your public online behaviour reflects ? fairly or unfairly ? on the company's reputation. Even postings made on pseudonymous accounts can be traced back. Avoid extremist content, hate speech, and illegal content of any kind.
- (e) GUIDELINES FOR OFFICIAL BRAND AMBASSADORS: Employees who are appointed as official DBizLabs brand advocates or who are listed on the company website as team members have an additional obligation to present a professional public image. Such employees must have separate work and personal social media accounts and must route proposed DBizLabs-related posts through Corporate Communications at social@dbizlabs.ai 48 hours in advance of publication.

Violations of the social media guidelines will be addressed through the standard disciplinary process; repeated or serious breaches may result in termination.

7.9 Anti-Discrimination and Protected Classes

DBizLabs strictly prohibits discrimination in any employment decision including recruitment, hiring, promotion, compensation, training, discipline, or termination, on the basis of any of the following characteristics, in compliance with the Singapore Constitution, the Employment Act, the Tripartite Guidelines on Fair Employment Practices (Tafep), and analogous laws in all operating jurisdictions:

PROTECTED CHARACTERISTICS (Singapore context; additional protections apply in other regions):

- (1) Race, ethnicity, or national origin
- (2) Colour or skin tone
- (3) Religion or religious belief (including conscientious atheism and agnosticism)
- (4) Sex, gender, or gender identity (including transgender, non-binary, gender queer, and intersex identities)
- (5) Sexual orientation or marital status
- (6) Pregnancy, childbirth, or related medical conditions
- (7) Age (18 and above)
- (8) Disability, including physical, sensory, invisible, learning, and psycho-social disabilities
- (9) Nationality or citizenship status (where consistent with MOM rules)
- (10) Family responsibility or caregiving status
- (11) Membership or non-membership in a trade union
- (12) HIV or Hepatitis B status (per Tafep guidelines)
- (13) Any other protected characteristic under applicable local law

DBizLabs is a proud Equal Opportunity Employer. As of the date of this Handbook, 42% of engineering roles are held by women, 51% of the global workforce are women, 5 of 7 Board members are independent or women, and the company is committed to a 2027 target of 45% women in senior technical roles (Principal Engineer and above). The company provides reasonable accommodations for employees with disabilities and for religious observance; please contact People Operations with any accommodation request.

7.10 Intellectual Property (IP) Assignment

All employees are required to execute the DBizLabs Confidentiality and Intellectual Property Assignment Agreement as a pre-condition of joining. The key provisions of that agreement are summarised below; the signed agreement on file is the legally binding document.

7.10.1 What IP is Assigned?

All inventions, discoveries, improvements, developments, works of authorship, source code, documentation, designs, trade secrets, know-how, data, domain names, trademarks, mask works, and any other intellectual property rights that are:

- (a) Conceived, developed, created, reduced to practice, or authored by the employee, either alone or with others, during the employment

- term; AND
- (b) Made within the scope of the employee's duties for DBizLabs; OR
- (c) Made using DBizLabs time, facilities, equipment, networks, or confidential information (regardless of whether within the stated scope of duties)

This includes, without limitation:

- Source code written for the DBiz GPT platform, Meiji MES, Bond Copilot, Hirethm, and the Open WebUI fork
- Architecture documents, product designs, UI/UX mockups
- Prompt engineering templates, RAG configuration, agent workflows
- Training data sets, evaluation harnesses, benchmark results
- Customer implementations, custom modules, and professional services deliverables produced for clients

7.10.2 Employee-Owned Inventions (Side Projects)

The IP assignment does NOT apply to inventions that qualify fully under ALL of the following conditions (commonly known as the "hold-out" clause):

- (a) Developed entirely on the employee's personal time (no use of work hours, paid leave, or company events)
- (b) Developed without using any DBizLabs equipment, tools, facilities, networks, data, or confidential information (no company laptop, no company VPN, no Slack conversations about the project)
- (c) Not related to DBizLabs's current or demonstrably anticipated lines of business (so not an alternative MES, fixed-income AI, or HR SaaS product, not an LLM chat platform, not an agentic framework)
- (d) Not the result of any work performed for DBizLabs or any of its customers

To be absolutely clear: An employee working on an industrial manufacturing AI tool on their personal laptop on a Sunday evening would STILL be subject to IP assignment, because the subject matter is directly related to Meiji MES, a current DBizLabs business line. If in doubt about whether a side project is yours or the company's, submit Form IP-02 to Legal for a formal determination before investing significant time. The company will confirm in writing; the process takes 10 business days.

7.11 Additional Code Topics (Fusion Summaries)

For brevity, the following key topics are cross-referenced to their full policy locations on the internal policy portal (<https://policy.dbizlabs.ai>) but are summarised here:

7.11.1 Competition and Restraint: During employment, employees may not work for a competitor, solicit DBizLabs customers or employees on behalf of another organisation, or divert business opportunities that properly belong to DBizLabs. Post-termination non-solicitation and non-compete covenants apply to Grade C+ and above per the signed Service Agreement.

7.11.2 Records Management and Document Retention: All business records (emails, chat logs, contracts, invoices, meeting minutes, audit logs) must be retained in accordance with the DBizLabs Records Retention Schedule, which is aligned to statutory requirements (7 years minimum for financial records, 5 years for employment records, etc.). Intentional destruction of records under audit hold is a serious offence.

7.11.3 Anti-Money Laundering (AML) and Sanctions: DBizLabs is subject to Singapore's MAS Notice 626 on Prevention of Money Laundering and Countering the Financing of Terrorism. Employees in Finance, Sales, and Customer Onboarding roles are required to complete annual AML training and to report any suspicious transactions or behaviour to the MLRO (Money Laundering Reporting Officer, Head of Legal Santhana Krishnan) within 24 hours. We do not do business with any person or entity sanctioned by UN Security Council, MAS, OFAC, or HM Treasury.

7.11.4 Export Controls: Certain DBizLabs technologies (particularly the DBiz GPT platform, strong encryption modules, and manufacturing automation algorithms) are subject to Singapore's Strategic Goods (Control) Act and analogous export regulations in the US, EU, and other jurisdictions. No technology, software, or encryption keys may be exported, transferred, or disclosed to any person in a sanctioned or embargoed country without the prior written approval of the Export Compliance Officer (Head of Legal) and, where required, a valid export permit from Enterprise Singapore.

7.12 Disciplinary Procedure

Alleged breaches of this Code of Conduct, company policy, or the terms of employment will be dealt with using the following graduated disciplinary procedure (except in cases of serious misconduct where summary dismissal is warranted):

Step 1: Verbal Counselling. Informal feedback from the line manager or HRBP. Documented only in the manager's notes, not the permanent personnel file.

Step 2: Written Warning. A formal letter setting out the breach, required improvements, and a timeline (typically 30-60 days) for improvement. Countersigned by the employee and HRBP. Placed on the personnel file and active for 12 months.

Step 3: Final Written Warning. Issued if a breach is repeated within the active period of a written warning, or for a more serious first offence. States that any further breach may result in termination. Active for 24 months.

Step 4: Termination of Employment. With appropriate notice or pay in lieu (Appendix B) for breaches that are not sufficiently serious for summary dismissal, or for failure to improve following a Final Written Warning.

Serious misconduct (including but not limited to: fraud, theft, physical assault, deliberate breach of the anti-bribery policy, intentional misuse of customer data, material breach of the NDA, or unlawful discrimination) warrants immediate summary dismissal without notice or severance, and where applicable reporting to the relevant law enforcement authorities.

Employees have the right to be accompanied at formal disciplinary hearings by a fellow employee or trade union representative of their choice.

SECTION 8: HEALTH, SAFETY, WELLNESS & BUSINESS CONTINUITY

8.1 Our Commitment to Workplace Safety and Health

The health, safety, and wellbeing of every DBizLabs team member ? whether working in the office, from home, at customer sites, or on business travel ? is a fundamental priority for the company. DBizLabs fully complies with the Singapore Workplace Safety and Health Act (WSHA), and we maintain a workplace safety and health management system (WSHMS) aligned to ISO 45001.

The overall responsibility for WSH policy rests with the COO, Divya Muthu, supported by the WSH Committee which meets monthly (see Section 8.4). The target is zero workplace fatalities, zero cases of occupational disease, and an LTIR (Lost Time Injury Rate) of < 0.5 per 100 full-time employees per year. As of Q3 FY2026, the 3-year rolling LTIR is 0.18, which is well below the industry benchmark for software companies.

8.2 Marina One West Tower Office Emergency Procedures

OFFICE LOCATION: Level 22, Marina One West Tower, 10 Marina Boulevard, Singapore 018961. The office occupies the entire 22nd floor (approx. 12,400 sq ft / 1,152 sqm) with a maximum approved occupancy of 145 persons and a typical daily headcount of 95?115.

Emergency exit locations on Level 22:

- Emergency Stairwell A (Main): West side of the floor, near Pantry 1
- Emergency Stairwell B (Backup): East side of the floor, near Server Room 1 (Rack Row B)
- Emergency lifts are NOT to be used in the event of a fire or bomb threat; they are reserved for SCDF and building management personnel.

8.2.1 Fire Alarm and Emergency Evacuation

In the event of a fire alarm activation:

- (a) IMMEDIATE ACTIONS upon hearing the continuous general alarm:
 - Stop all work immediately. Do NOT collect personal belongings, laptop, or bag. Do NOT use the lifts.
 - Proceed calmly but promptly to the nearest emergency stairwell.
 - Follow the green illuminated exit signage.
 - Staff requiring mobility assistance should proceed to the Area of Refuge on Level 22 (located next to Stairwell A) and alert the Floor Warden, who will coordinate evacuation with SCDF via the dedicated refuge intercom.
 - Floor Wardens (bright orange vests) will perform a sweep of all rooms to confirm no one remains. Do not re-enter any area.
- (b) ASSEMBLY AREA: The designated assembly point for Marina One West Tower is Marina Bay Event Plaza (MBEP) Zone B, located on the ground level approximately 300 metres from the main tower entrance, opposite The Fullerton Bay Hotel. Look for the DBizLabs flag (navy blue, with the DBiz GPT logo) held by the Floor Warden.
- (c) HEADCOUNT PROCESS: Each Floor Warden carries a tablet with the real-time desk booking data from DBizBook. On arrival at the assembly point, employees must check in with their team's warden. Employees who are working remotely on the day of an evacuation are NOT required to be at the assembly point but are requested to mark "Safe" on the emergency SMS / WhatsApp check-in broadcast sent by the COO's office.
- (d) RE-ENTRY: Re-entry to the building is only permitted after:
 - The SCDF officer-in-charge has given formal clearance
 - The Building Management Office (BMO) has broadcast the "all-clear"
 - The COO or appointed WSH representative has authorised DBizLabs employees to return to Level 22

8.2.2 First Aid Facilities and First Aiders

First Aid Station Location: Pantry 2 (mid-North of Level 22). A second travel-sized first aid kit is located at the Reception Desk and in the Server Room 1 ante-chamber.

DBizLabs maintains a roster of 6 certified Occupational First Aiders on Level 22 as of the date of this Handbook. All 6 have completed the MOM-approved WSQ Occupational First Aid Course (3 days + 1 day refresher every 3 years):

- | | | |
|------------------------|----------------------------------|-------------|
| 1. Ms. Pavithra Nair | (Executive Assistant to CEO) | ? Ext. 2201 |
| 2. Mr. Tan Zhong Liang | (Senior DevOps Engineer) | ? Ext. 2244 |
| 3. Dr. Sujatha Raman | (Principal AI Safety Researcher) | ? Ext. 2287 |
| 4. Ms. Amelia Chua | (Customer Success Manager APAC) | ? Ext. 2265 |
| 5. Mr. Vikram Raju | (Sales Engineering Lead Bond) | ? Ext. 2238 |
| 6. Ms. Sharifah Aisha | (People Operations Associate) | ? Ext. 2219 |

Serious injuries or medical emergencies must also trigger an immediate call to 995 for SCDF ambulance. The panel hospital is Singapore General Hospital (SGH), Accident & Emergency, Outram Road (5 minutes drive via Central Expressway at off-peak times).

8.2.3 SCDF Drills and Exercise Schedule

Marina One West Tower complies with the Fire Safety Act (Chapter 109) and conducts a full-scale evacuation drill for all tenants every quarter. DBizLabs additionally conducts its own internal SCDF-coordinated drills as follows:

- Full building SCDF drill (mandatory): Last working Friday of January, April, July, and October, at 10:00 SGT sharp. Q4 2026 drill is scheduled for Friday 30 October 2026 at 10:00 SGT.
- Internal tabletop exercise: Monthly (WSH Committee), covering scenarios including fire, bomb threat, active threat, cyber incident, and prolonged building power outage.
- CPR+AED refreshers: Offered every 6 months on-site; 49 employees have completed certification to date.

All drills are timed and the total evacuation time for Level 22 (Last Person Out, LPO) is tracked. Q3 2026 drill LPO time: 4 minutes 42 seconds (target: < 6 minutes). Any employee who does not evacuate during a drill (without a pre-approved exemption, e.g. a critical customer bridge) will receive a written reminder from the WSH Committee; 2 non-compliances in any 12-month period trigger a mandatory WSH re-training module.

8.3 Office Ergonomics and DSE (Display Screen Equipment) Assessments

Prolonged use of display screen equipment (laptops, monitors, etc.) can cause musculoskeletal disorders, eye strain, and fatigue if the workspace is not properly set up. DBizLabs provides every in-office employee with a fully ergonomic workstation, including:

- Height-adjustable electric sit-stand desk (min 65cm / max 130cm)
- Herman Miller Aeron or equivalent ergonomic office chair (fully adjustable lumbar, seat depth, armrest height, and recline)
- 27-inch 4K display at minimum (most engineers have dual 32" 4K)
- Wrist rest, keyboard tray, monitor arm, and document holder on request via Form ERG-01

All employees are required to complete an online DSE Self-Assessment questionnaire within the first month of joining, and annually thereafter, via the People Operations portal. Employees who report pain, discomfort, or a diagnosed ergonomic condition are entitled to a one-on-one ergonomic assessment with a certified external workplace ergonomist at the company's expense. Reasonable ergonomic accommodations are always approved, even if they exceed the standard equipment budget.

8.3.1 Micro-Breaks and Rest Breaks

Employees are strongly encouraged to take a 5?10 minute micro-break every hour (stand, stretch, walk, drink water, look at a distant object to rest the eyes) and a 15?20 minute "recharge break" away from the desk every 3 hours. The office has dedicated quiet/meditation rooms (Room 22-N and Room 22-S) fitted with comfortable recliners, weighted blankets, and dimmable lighting for rest breaks and prayer use.

8.4 WSH Committee Meetings

The DBizLabs Workplace Safety & Health Committee is a legally required body under the WSHA that meets at least once a month (typically the first Wednesday of each month at 11:00 SGT in the Level 22 Great Room). The committee comprises:

- Divya Muthu (COO): WSH Chairperson (Management Representative)
- 4 Management Representatives (from Engineering, ProServe, Sales, Facilities)
- 4 Non-Management Employee Representatives (elected by the workforce annually; term 2 years)
- 1 External WSH Auditor (Mr. Marcus Tan, Safetyhub Consultants Pte Ltd)
- Secretary: Sharifah Aisha (People Operations)

Agenda of each WSH meeting covers:

- (a) Incident and near-miss reports of the preceding month
- (b) LTIR, number of training hours completed, audit observations
- (c) Follow-up of action items from the prior meeting
- (d) Review of any risk assessments updated in the month
- (e) Upcoming drills, inspections, and regulatory changes
- (f) Budget proposals for WSH programmes and equipment

Minutes of all WSH Committee meetings are published on the company intranet within 5 working days and are available for inspection by MOM inspectors.

8.5 Remote Work Safety Checklist (Home Office Safety)

Employees working remotely (up to 2 days per week per Section 3.3) are responsible for ensuring their home workspace is safe and ergonomic. The following checklist must be self-completed by each remote employee at the start of employment and reconfirmed annually:

8.5.1 Electrical Safety

- Desk and equipment are positioned away from water sources (kitchen sinks, water dispensers, bathrooms)
- No loose or damaged electrical cords, overloaded power sockets, or daisy-chained multiplugs (use surge-protected power strips only)
- Laptop and charger are placed on a hard, flat surface ? never on a bed, sofa, or pile of clothing (which can block vents and cause overheating or fire risk)
- Smoke detector and, where applicable, circuit breaker for the home office area are in working order

8.5.2 Ergonomics (Home Office)

- Chair provides adequate back support (lumbar) and is set at a height such that the employee's elbows are at 90 degrees when typing
- Feet are flat on the floor or supported by a footrest
- Top of the monitor is at or just below eye level, approximately 50cm from the face.
- Keyboard and mouse are positioned close to the employee to avoid

- over-reaching
- Adequate lighting to avoid glare and reflections on the screen

8.5.3 Slips, Trips, and Falls

- Cables and wires are routed along the wall or secured with cable ties; no cables crossing walkways where someone might trip
- Floor is clear of clutter, boxes, and loose rugs (particularly near the work area and any escape route)
- Stairs (if any) are free from objects

8.5.4 Fire and Escape

- Workspace has a clear, unobstructed escape route to the main exit of the residence
- Smoke alarm present within 3 metres of the home office area, with working batteries
- The employee knows the emergency evacuation procedure of the residential building

If an employee identifies an unsafe condition in their home workspace that cannot be resolved with a minor adjustment, they should:

1. Stop working from home immediately
2. Book a hot-desk in the Marina One office for the affected days
3. Notify People Operations for a remote safety assessment visit (covered by the company)

8.6 Information Security and Data Privacy (Remote Work)

In addition to physical safety, employees working remotely must:

- (a) Use ONLY the company-provided laptop or approved BYOD device for work purposes. Personal laptops, tablets, and home PCs are strictly prohibited from accessing DBizLabs Tier 2 and Tier 3 data.
- (b) Connect to the company network via the corporate VPN (Palo Alto GlobalProtect with multi-factor authentication) for any access to internal systems, customer data, or production environments. Split tunnelling is disabled by default.
- (c) Never work on confidential materials in public spaces (cafes, airports, co-working hot-desk floors) where a privacy screen is not used and shoulder-surfing could occur.
- (d) Never leave a laptop unlocked and unattended even for 30 seconds; the laptop auto-lock policy is 2 minutes of inactivity, enforced via Intune / JAMF.
- (e) Hold work-related video calls only from a private area where conversations cannot be overheard by household members or visitors. Headsets with noise cancelling microphones must be used.

8.7 Mental Health Support

DBizLabs recognises that mental health is as important as physical health. We are committed to fostering a workplace where mental illness is discussed openly, without stigma, and where employees receive the support they need.

8.7.1 Employee Assistance Programme (EAP)

As referenced in Section 5.17, the AIA Health at Hand EAP provides:

- 24/7 confidential hotline: 1800 88 DBIZ (1800 88 3249)
- Up to 8 complimentary face-to-face, video, or telephone counselling sessions per concern per year (with registered psychologists, psychiatrists, and social workers)
- Support for stress, anxiety, depression, burnout, relationship issues, grief and loss, substance use, financial stress, and any other mental health or wellbeing concern
- No diagnosis or medical record is shared with DBizLabs; employees may self-refer without informing anyone at the company. All usage is 100% confidential and de-identified before any aggregate reporting.

8.7.2 Mental Health and Wellbeing Annual Budget

On top of the Wellness Benefit (Section 5.8), every employee has access to a dedicated S\$2,000 per calendar year Mental Health Budget that may be used for:

- Consultations with psychologists, psychiatrists, and counsellors beyond the 8 free EAP sessions
- Mental health apps and programmes (beyond those covered under the wellness benefit)
- Residential mental health programmes and retreats
- Neurodiversity assessments (ADHD, autism spectrum, dyslexia) and associated support tools (text-to-speech, assistive technology etc.)
- Medical certificates and prescribed medication for mental health conditions (if not fully covered by the group medical insurance)

Reimbursement claims under the Mental Health Budget are processed directly by People Operations Director, not by the employee's manager, to preserve privacy. All claims are stored separately from the personnel file.

8.7.3 Workplace Adjustments for Neurodiverse Employees

DBizLabs is a neurodiversity-affirming employer and provides reasonable adjustments for employees with ADHD, autism spectrum condition, dyslexia, dyspraxia, Tourette syndrome, and other neurodivergent conditions.

Examples of workplace adjustments:

- Noise-cancelling headphones and access to quiet single-person rooms for deep-work periods
- Flexible working hours to accommodate circadian preferences
- Written agendas and recorded meetings with automated transcripts
- Extended time limits for non-critical tasks on request
- Clear, structured communication (avoiding ambiguous open-ended requests such as "take a look when you have time")
- Task and project management coaching with the employee's manager

Adjustments are confidential and agreed between the employee, the People Operations team, and the line manager on a case-by-case basis. There is no requirement to disclose a neurodivergent condition unless the employee wishes to request adjustments.

8.8 Business Continuity Plan (BCP) and Disaster Recovery (DR)
DBizLabs maintains a formal Business Continuity Plan (BCP), last updated and tested in the full Q2 2026 DR exercise (374 June 2026) with a Recovery Time Objective (RTO) of 4 hours and Recovery Point Objective (RPO) of 15 minutes for all production systems.

The BCP covers a wide range of disruptive scenarios including:

- Pandemics, infectious disease outbreaks, and office-wide health incidents (proven effective during the 2024 Deltacron wave when 38% of the workforce was on sick leave simultaneously, with no customer outages)
- Major power failures or water leaks at Marina One (alternate office sites are pre-booked at The Work Project OUE Downtown 2 and at WeWork Beach Centre within 3 km radius)
- Cyber attacks, ransomware incidents, data breaches, and denial of service attacks (August 2026 ransomware drill recovery time: 3h 12m; see Board Minutes 11 Sep 2026, Item 8)
- Critical cloud infrastructure outages in AWS Singapore / ap-southeast-1 (multi-region failover to us-east-1 or eu-west-1 is automated for customer-facing systems; tested monthly)
- Regional transport disruptions (e.g. MRT network outage), civil unrest, or terrorism incidents

The BCP is the responsibility of the COO, Divya Muthu, supported by:

- Business Continuity Management Committee (meets bi-monthly)
- Six Crisis Management Teams (CMTs): Executive CMT, Technology CMT, Customer Operations CMT, People & Comms CMT, Finance CMT, Legal & Regulatory CMT
- Annual full-scope test plus quarterly tabletop or focused tests

8.9 Data Privacy (Personal Data Protection Act ? PDPA)

DBizLabs is a Data Controller subject to the Singapore Personal Data Protection Act 2012 (PDPA, as amended 2020 and 2024), and additionally the EU GDPR for data of EEA-based employees and customers, and the California CPRA for California-based individuals. The Chief Data Protection Officer (CDPO) is Santhana Krishnan, Head of Legal, reachable at dpo@dbizlabs.ai.

Key obligations of employees under PDPA:

- (a) COLLECT ONLY WHAT YOU NEED: Collect only personal data that is adequate, relevant, and necessary for the stated purpose. For example, Hirethm recruiters do not need to collect information about a candidate's religious beliefs or medical history for most roles.
- (b) NOTICE AND CONSENT: Individuals must be informed of the purpose(s) for which their personal data is being collected, used, or disclosed ? either via a privacy policy, a recruitment privacy notice, or a customer DPA. Explicit consent must be obtained for sensitive personal data (race, religion, health, biometrics, sexual orientation, etc.) unless an exception applies.
- (c) PURPOSE LIMITATION: Do not use personal data for a purpose other than the one for which it was originally collected, unless a new consent is obtained or a PDPA exception applies. For example, a customer's mobile phone number collected for billing purposes should not be added to a marketing WhatsApp list.
- (d) ACCESS AND CORRECTION: Individuals have the right to request access to and correction of their personal data held by DBizLabs. All such requests must be forwarded to the DPO within 24 hours; we have 30 days to respond (extendable to 60 days for complex requests).
- (e) DATA BREACH NOTIFICATION: Any suspected or actual personal data breach (unauthorised access, use, disclosure, copying, modification, disposal, or loss of personal data) must be reported IMMEDIATELY to the DPO. Notifiable data breaches (those likely to result in significant harm or affect more than 500 individuals) must be notified to PDPC within 3 calendar days.
- (f) DATA RETENTION AND DISPOSAL: Do not retain personal data longer than necessary for the purpose for which it was collected. Workday and Salesforce are configured with automatic retention rules per the Records Retention Schedule. Do not download and save personal data to local drives, USB drives, or personal cloud storage.

8.10 On-Site Visitors and Contractors

All visitors to the Level 22 office must be:

- Pre-registered in the DBizLabs Visitor Management System (VMS) by their host employee at least 1 business day in advance, with:
 - Full name, NRIC/Passport number, company, purpose of visit
 - Contact phone number and email
- Met at the Marina One Level 1 Security Concierge by the host after collecting a physical visitor pass from building security
- Escorted at ALL TIMES while on Level 22; no visitor may be left unaccompanied anywhere on the floor, including the pantry or restrooms
- Signed in and out using the tablet at the Level 22 Reception
- Required to wear a visible visitor pass sticker (red) at all times

Non-employees working on site for more than 3 days (contractors, consultants, auditors) must additionally:

- Complete the same WSH and information security on-line training as full-time employees
- Sign a contractor NDA, acceptable-use policy, and site safety form
- Be issued with a yellow contractor ID badge that expires on the scheduled last day of the engagement

8.11 Last Day / Offboarding Procedures

The following steps apply on the last day of employment for every leaver (whether resignation, termination, or end of contract):

- (a) Return ALL DBizLabs property: Laptops, chargers, monitors (if taken home), YubiKeys, access badges, keys, company credit cards, mobile phones, manuals, books, and any other equipment or documents.

- Equipment is received by the IT Team on the morning of the last day.
- (b) Manager verifies return and signs Form OFB-07.
 - (c) Employee conducts a handover meeting with the manager and a designated successor; a written handover document (minimum 2 pages) is deposited in the team drive.
 - (d) People Operations conducts a structured Exit Interview (in person for SG office, videoconference for remote offices) covering: reasons for leaving, feedback on culture, management, total rewards, and any suggestions for improvement.
 - (e) All system access is revoked by 18:00 SGT on the last working day (or immediately in the case of termination for cause). This includes email forwarding, Slack deactivation, VPN, and all SaaS accounts.
 - (f) Final salary, pro-rated bonus (if applicable), encashment of unused CTO up to 40 hours, and any leave encashment are paid on the standard payroll cycle for the following month, or within 7 days of termination (whichever is earlier per EA).
 - (g) CPF contribution for the final month is made in the usual CPF cycle.
 - (h) The employee signs a "Clearance Certificate" confirming that all company property has been returned and all obligations are met.

Post-employment obligations (NDA, IP Assignment, non-solicitation and, for C+ and above, non-compete covenants) continue in full force and effect in accordance with their respective terms. Former employees who have questions about their obligations should contact legal@dbizlabs.ai.

=====

APPENDIX A: PAY MATRIX TABLE (SALARY BANDS BY GRADE)

=====

All figures are monthly base salary in SINGAPORE DOLLARS (SGD), exclusive of allowances, bonus, AWS, ESOP, or other variable compensation. Each band has a 1.75x spread between the Band Minimum and the Band Maximum.

GRADE	TYPICAL JOB TITLES	BAND MINIMUM (SGD/mth)	BAND MIDPOINT (SGD/mth)	BAND MAXIMUM (SGD/mth)
A	Junior Software Engineer, Junior Recruiter, Customer Success Associate, EA, Admin	4,000	5,500	7,000
B	Software Engineer, Recruiter, Customer Success Manager, Sales Development Rep, Marketing Associate, Finance Analyst	7,000	9,500	12,000
C	Senior Software Engineer, Senior CSM, Account Executive, Product Manager, Engineering Manager, Finance Manager, Senior Product Designer	12,000	16,000	20,000
C+	Staff Engineer, Principal Product Manager, Senior AE (Enterprise), Director CSM, Senior Finance Manager, Head of Marketing, Regional Sales Director	20,000	24,000	28,000
D	Senior Staff / Principal Engineer, VP Product, VP Engineering, VP Sales, VP HR, Country GM, Group Financial Controller, VP Customer Success	28,000	34,000	40,000
E	Distinguished Engineer, CFO, CTO, COO, CPO, CMO, CHRO, SVP Sales, Chief Architect, CEO	40,000	55,000	70,000
E+	CEO (at Board discretion), Distinguished Fellow, Founding-level executives	70,000	95,000	No stated cap (Board)

- Notes:
- Employees paid below the band minimum are on a Development Plan; every effort is made to bring them within band within 12 months.
 - Employees paid at or above 90% of band maximum are eligible for promotion consideration, subject to the promotion criteria matrix in Section 6.6.
 - Overseas offices have country band multipliers published annually by People Operations. Examples (FY2026): India x 0.42, Japan x 0.92, UK x 1.08, US x 1.22, Germany x 1.05, UAE x 1.10.

=====

APPENDIX B: NOTICE PERIODS & SEVERANCE

=====

- During Probation:
- Either party may terminate the employment by giving FOURTEEN (14) CALENDAR DAYS' written notice, or salary in lieu thereof.
 - Applies uniformly across all grades.

Post-Probation (Confirmed Employees):

GRADE RANGE	NOTICE PERIOD BY EMPLOYEE	NOTICE PERIOD BY EMPLOYER
Grades A, B, C	30 Calendar Days (1 calendar month)	30 Calendar Days (1 calendar month)
Grades C+, D, E, E+	60 Calendar Days (2 calendar months)	60 Calendar Days (2 calendar months)

- Additional provisions:
- Notice given by the employer may be paid in lieu (PILON) at any time, with or without cause. When PILON is paid, the employee's last working day is the date of the letter; the employee does not need to attend work and access is revoked immediately.
 - Notice given by an employee must be in writing via Resignation Letter submitted in Workday. Employees who fail to give the required notice will have the shortfall deducted from final salary.

Severance Pay on Redundancy:

Where employment is terminated by reason of redundancy (not performance, not misconduct), an employee who has completed at least 2 years of continuous service is entitled to severance pay in addition to the required notice period, at the following rates:

- 2 to >3 years service: 1 week per year of service
- 3 to >5 years service: 1.5 weeks per year of service
- 5 to >10 years service: 2 weeks per year of service
- 10+ years service: 2.5 weeks per year of service, capped at 25 weeks of base salary

=====

APPENDIX C: FREQUENTLY ASKED QUESTIONS (FAQ)

=====

C1. When should I expect my salary?

- Salaries are disbursed on the 25th of each month, or the last business day before if the 25th falls on a weekend or public holiday.
- C2. How do I change my bank account or personal details?
Submit Form PAY-04 (bank account) or Form PR-01 (personal details) via Workday. Allow 10 working days before the next payroll for changes.
- C3. Can I borrow against my future leave or get a salary advance?
Salary advances of up to 50% of one month's base salary are available once per calendar year for genuine emergencies (medical, bereavement, natural disaster). Repayment is deducted equally over the following 3 months' payroll. Submit Form SADV-01 to Payroll.
- C4. What is the company's stance on office romances?
Consensual romantic or sexual relationships between employees are permitted but must be disclosed to People Operations via Form REL-01 if either party reports to the other, or if one holds a position of authority over the other (e.g. on the same hiring / promotion panel). Undisclosed relationships in a reporting line are a disciplinary matter.
- C5. Can I work for DBizLabs from another country for personal reasons?
Temporary remote work of up to 30 calendar days per calendar year from an overseas jurisdiction is permitted with prior HRBP and Finance approval (permanent tax and immigration implications are assessed on a case basis). Longer periods require CFO approval.
- C6. Who owns the data and code I produce during Hackathon / Innovation Week?
All work produced during DBizLabs-sponsored events (hackathons, innovation days, etc.) ? whether during or outside work hours ? is the property of DBizLabs Pte. Ltd., regardless of whether it is subsequently commercialised. Winning teams receive prizes but no separate IP ownership.
- C7. What happens to my ESOPs if the company is acquired?
In the event of a "change of control" (acquisition, merger, sale of substantially all assets), the Board and RemCo will determine, per the ESOP Plan Rules, whether to accelerate vesting (commonly "single trigger": 12 months acceleration, or "double trigger": acceleration upon both change of control AND involuntary termination within 12 months). The default position is double-trigger acceleration.
- C8. How do I report a concern that I don't feel comfortable taking to my manager or HRBP?
Use the independent Whistleblower Channel described in Section 7.7. The channel is confidential, anonymous if preferred, and reports directly to the Chairman of the Board / Audit & Risk Committee.
- C9. Can I use my DBizLabs email address for personal purposes?
Occasional personal use (e.g. sending a family photo, booking a personal appointment) is acceptable so long as it does not: use significant resources, create liability for the company, interfere with job duties, or involve illegal activity. Do NOT use your DBizLabs email on social media sign-ups, forums, or political campaigns.
- C10. What is the pet policy for the Marina One office?
Dogs (small to medium breeds, fully vaccinated, house-trained, leashed at all times) are permitted in the Level 22 office on "Bring Your Dog to Work Day" ? the last Friday of each month. A maximum of 4 dogs per day; handlers must pre-register via Form PET-01 with Facilities. Cats and other pets are not allowed. No animals at any time in the server rooms, kitchen, or quiet rooms.

APPENDIX D: USEFUL CONTACTS & ESCALATION PATHS

D1. Key Departmental Contacts

Office Reception (Level 22 Marina One):	Ext. 2200
IT Service Desk (24/7):	it-support@dbizlabs.ai
	Phone: +65 6900 8801 (option 1)
People Operations (HR):	people-ops@dbizlabs.ai
	Phone: +65 6900 8801 (option 2)
Payroll Queries:	payroll@dbizlabs.ai
Finance (Expenses, Travel, Procurement):	finance@dbizlabs.ai
Legal & Compliance:	legal@dbizlabs.ai
	DPO: dpo@dbizlabs.ai
Internal Audit:	internal-audit@dbizlabs.ai
Corporate Communications:	comms@dbizlabs.ai
InfoSec (Cyber incidents, phishing):	security@dbizlabs.ai
	(phishing reports: phish@dbizlabs.ai)
Whistleblower Hotline (Deloitte):	+65 6224 5788
	https://dbizlabs.ethicspoint.deloitte.com
EAP Counselling (24/7):	1800 88 DBIZ (1800 88 3249)
CEO Office Direct (Siva Pasupathi):	ceo-office@dbizlabs.ai
Chairman of the Board (confidential):	chairman-confidential@dbizlabs.ai

D2. Executive Team (Level 22, Great Room Wing)

Siva Pasupathi	CEO & Executive Director	Ext. 2280
Amala Appathurai	Chief Technology Officer	Ext. 2281
Karthiga Rajoo	Chief Financial Officer	Ext. 2282
Divya Muthu	Chief Operating Officer	Ext. 2283
Narmadha Sivakumar	Chief Product Officer	Ext. 2284

D3. Non-Executive Directors

Dr. Lingeswaran Arunasalam Chairman / Independent Director
Nandhini Sivakumar Independent Director

D4. Escalation Paths

Day-to-day work issue:
Self ? Team peer / Buddy ? Line Manager ? Department Head ? HRBP

Performance or behavioural concern (about a peer):
Self ? Line Manager (discreet) ? HRBP ? Department Head

Performance or behavioural concern (about a manager):
Self ? HRBP ? Department Head ? COO (Divya Muthu) ? Chairman

Ethics / misconduct / serious breach:
Self ? HRBP + Head of Legal ? COO ? Chairman
OR (if the above are implicated): Whistleblower channel ? Chairman
OR (criminal activity): Police 999 + Head of Legal concurrently

Medical emergency (office hours):
Call FIRST AIDER on duty (Ext. list by pantry) ? 995 SCDF ?
Notify Reception (2200) ? COO and HRBP

Data breach / cyber security incident (ANY HOUR):
Incident Commander on call: see PagerDuty rotation ?
security@dbizlabs.ai (or direct Slack #incident-response) ?
CTO + Head of Legal (DPO) within 15 minutes

Customer system outage / Sev 1 incident:
Engineering on-call (P1 escalation) ? CTO ? Customer Success VP ? COO

=====

ACKNOWLEDGEMENT OF RECEIPT

(TO BE COMPLETED BY EVERY EMPLOYEE UPON JOINING, AND UPON EACH MAJOR REVISION)

=====

I, _____ (Full Name ? PRINT),
Employee ID: DBZ-_____,
having joined DBizLabs Private Limited on _____ (Date),

HEREBY ACKNOWLEDGE AND CONFIRM THAT:

- 1. I have received a copy of the DBizLabs Employee Handbook Version 4.2 (effective 1 August 2026), either in hard copy or via access to the Workday HCM electronic portal.
- 2. I have read and understood the contents of this Handbook and the policies, procedures, guidelines, and rules set out herein, and in the referenced companion documents available on the internal policy portal (<https://policy.dbizlabs.ai>).
- 3. I agree to comply fully with all the terms of this Handbook and all related policies as a condition of my employment with DBizLabs.
- 4. I understand that this Handbook is not a contract of employment, that the terms of my Letter of Offer / Contract of Service prevail over this Handbook in case of any inconsistency, and that DBizLabs reserves the right to amend, replace, or withdraw any provision of this Handbook at any time, with or without prior notice, subject to statutory requirements.
- 5. I have completed the Day One Ethics & Compliance eLearning module (Course COMP-101-V4-2026) and the Data Privacy & PDPA module (Course DP-201) as evidenced in the LMS.
- 6. I will promptly refer any questions or concerns regarding the interpretation or application of this Handbook to People Operations.

Signed: _____ Date: _____

Witness (People Operations Representative):

_____ Date: _____
Name: _____ Title: _____

End of Handbook v4.2 ? Last printed 1 August 2026.
